CHIA 2015

Áron Boros | *Executive Director*

at the Health Policy Commission
Cost Trends and Market Performance Committee
February 25th, 2015

CHIA.
center
for health
information
and analysis

1. Establish and promote

CHIA statistics

as the standard for measuring the performance of the Massachusetts Health Care System.

2. Support the **legislature** and **other state agencies** with CHIA information and analysis.

3. Establish and promote specific **Continuing Studies** of health system performance.

- Insurance Coverage
- Behavioral Health
- Providers and Payers
- Health Care Delivery Across Populations

4. Seek efficient ways to **maximize the benefit of our data assets**.

CHIA is a steward of complex, sensitive data that is used for a wide variety of purposes.
