

Some Commonly Used Combination Vaccines

There are several combination vaccines—vaccines which provide protection against several diseases in one shot. The list to the right gives the components of some of the combination vaccines that you may see. If you have questions about these or other vaccines, please call the Massachusetts Department of Public Health Immunization Program at 617-983-6800.

Pediarix® – Tetanus-Diphtheria-Pertussis (DTaP), Polio (IPV), and Hepatitis B

Pentacel® – Tetanus-Diphtheria-Pertussis (DTaP), Polio (IPV), and *Haemophilus influenzae* type b (Hib)

ProQuad® – Measles-Mumps-Rubella (MMR) and varicella (chickenpox)

COMVAX® – *Haemophilus influenzae* type b (Hib) and Hepatitis B

Kinrix® – Tetanus-Diphtheria-Pertussis (DTaP) and Polio (IPV)
