CIRCULAR LETTER NO. 5

TO ALL INSURERS:

The attention of all insurers is invited to the following vote of the Industrial Accident Board taken on November 8, 1934, relative to average weekly wages where meals are furnished as part thereof, in employments the wages of which have been fixed under the Federal Code.

"Where the weekly rate of wages being paid an employee at the time of his injury is fixed for such employment by the Code of Fair Competition of the Federal National Recovery Administration and includes meals furnished by the employer as a component thereof, such wages shall be deemed by the Department to be the average weekly wages of such employee under the Act."

Very truly yours,

Edward F. Doyle
Secretary

EPD
