NOTICE OF A REMEDY IMPLEMENTATION PLAN

Shell Gasoline Station
586 Main Street
Wilmington, Massachusetts
RTN 3-12586
Tier 1C Permit No. 100545

A Remedy Implementation Plan (310 CMR 40.0874) has been developed for the above site pursuant to the Massachusetts Contingency Plan (310 CMR 40.1406). This disposal site was classified as Tier IC on June 6, 1996 and granted a Waste Site Cleanup Permit on October 17, 1996. A Tier IC Permit Extension was granted on February 14, 2002.

The Remedy Implementation Plan proposes the following measures to respond to a release of oil and/or hazardous material at this disposal site:

- The remedial alternative selected for implementation at this site will be a combination of Soil Vapor Extraction and Air Sparging.

M.G.L. c. 21E and the Massachusetts Contingency Plan provide additional opportunities for public involvement in decisions regarding response actions at disposal sites: 1) The Chief Municipal Official and Board of Health of the community in which the site is located will be notified of major milestones and events, pursuant to 310 CMR 40. 1403; and 2) Upon receipt of a petition from ten or more residents of the municipality in which the disposal site is located, or of a municipality potentially affected by a disposal site, a plan for involving the public in decisions regarding response actions at the site will be prepared and implemented, pursuant to 310 CMR 40.1405.

To obtain more information on this disposal site and the opportunities for public involvement during its remediation, please contact David Weeks, Senior Environmental Engineer, Motiva Enterprises LLC, PMB 301, 1830 South Road, Unit 24, Wappingers Falls, NY 12590 at (845) 462-5225.
