The commission may coordinate with educational, arts and cultural organizations, municipalities and other organizations to provide alternative sources of funding for public art and programming for arts and cultural education and research alternative funding mechanisms including, but not limited to, public-private partnerships that may increase the total pool of funds for public art and may suggest the development of programming for education and promotion regarding public art. All state agencies within the executive department shall cooperate with and provide assistance to the commission as necessary.

(c) The commission shall consist of: the commissioner of capital asset management and maintenance or a designee who shall serve as chair; the executive director of the Massachusetts cultural council or a designee; 2 persons to be appointed by the president of the Massachusetts College of Art and Design, each of whom shall have a background in public art or architecture; and 5 persons to be appointed by the governor, 1 of whom shall have municipal government experience and who

(e) In selecting art installations for construction or renovation projects, the commission shall give preference to artists residing in the commonwealth.
