To whom it may concern:

My name is Clifford Daniels. I am currently serving a 10-12 yr. sentence at MCI-Concord. I am originally from New York City and that is where my entire family resides. Due to the extreme distance between where I'm incarcerated and where my family resides the amount of visits I recieve is minimal at best. The phone is an essential part to keeping my family structure intact. Yet that remains extremely difficult due to the high rates assigned to telephone calls. Each call is nearly $3.00. That comes to at least $1,095 a year. In today economy that puts a tremendous strain on my family. I ask if its at all possible that you look into the enormous rates charged for inmate telephone calls in hope that we can find a rate both reasonable and economically sound.

Thanking You In Advance
Clifford Daniels
