June 27 2012

To whom it may concern,
We have GTL service (phone)
Here at South Middlesex
Framingham mass. The calls
keep cutting off. You can't
hear, in middle of conversation
it cuts off service saying your
trying to call 3 way. Then
you have to spend another
dollar to call again.
We all pay big money to
call and half the time, we
dont even get to have or
finish calls. The phones service
costs and arm & a leg.
Some times your not even on a
minute and you get charged
1 to 3 dollars. We dont have
much money as it is. We miss
talking to our family & friends.
Also when we have important
attorney calls. We cant even
leave messages if no one
answers. So you need to keep

Calling or Calling

Thank You
Marianne Milner
