Request No. AG-7-1 (Gas)
Please provide a list of all cost of service related calculations, allocations and other computations that are incorporated in the Company's development of its proposed rates that are not in compliance with the most recent Department precedents. Provide the basis for the Company's deviation from precedent.

Response:
To the best of our knowledge we are in compliance with recent Department precedent in the development of cost of service related calculations, allocations and other computations that are incorporated in the development of the proposed rates.
