2015 Insurance Open Enrollment Waiver Information and Instructions

Massachusetts and federal law limit when you can buy certain health insurance plans. Some people may meet special conditions and can buy insurance at any time. Others must buy insurance during the open enrollment periods. The open enrollment period for 2015 health insurance plans ended on February 15, 2015.

If you are a Massachusetts resident and missed the open enrollment period, then you might qualify for a waiver of the open enrollment period if you meet certain criteria. You may use this form to request a waiver to enroll in health insurance coverage outside of open enrollment, from February 16, 2015 until 30 days prior to the next open enrollment period.

- You may qualify for a waiver if you meet applicable eligibility criteria and (for example):
  - You are uninsured and did not intentionally forgo enrollment in health insurance; or
  - You lost insurance coverage but did not find out until after 60 days had passed

- You must first apply for coverage to a health insurance plan or agent and be turned down before you can apply for a waiver. You can apply for insurance on-line through the Health Connector at www.MAhealthconnector.org or by calling 877-MA-ENROLL. You can also apply to buy insurance directly through an insurance company or insurance agent.

- You may qualify for subsidized insurance through the Health Connector or MassHealth. If your family’s income is less than 300% of the federal poverty level, different enrollment rules may apply and you might be able to enroll without a waiver (for example, a family of four with income of about $71,550 per year/$5,963 per month or less may be able to enroll at any time and qualify for a subsidy or MassHealth). Individuals and families with higher incomes may also qualify for subsidies, but must enroll during the open enrollment period or a special enrollment period, or apply for a waiver.

- You may not need a waiver if:
  - You lost insurance coverage recently (usually within the past 60 days); or
  - You are a small business owner buying insurance for your business; or
  - You are applying for MassHealth or subsidized insurance, and your household income is less than 300% of the federal poverty level; or
  - other reasons or qualifying events
Please note that this form is not an application for health insurance. If your waiver request is approved, you must then complete the application process with the health insurance company or agent to which you originally applied. You will not have health insurance until the insurance company or Health Connector accepts your complete application and you pay your premium.

To apply for a waiver, you will need:

- This completed Enrollment Waiver form; AND
- A copy of the letter or notice denying your application to purchase health insurance

Please mail or fax your completed Enrollment Waiver form AND the notice denying your application to purchase health insurance to:
