Contract Summary

This contract covers a wide range of products, supplies and equipment necessary to ensure proper function of mechanical, plumbing and electrical systems of a building or facility. The contract has been divided into the following categories:

| Cat # | Category Name |
|-------|---|
| 1 | Building Materials and Supplies |
| 2 | Electrical and Lighting Products and Supplies |
| 3 | Industrial and Commercial Products and Supplies |
| 4 | Plumbing and Heating Products and Supplies |
| 5 | HVAC and Refrigeration Products and Supplies |
| 6 | LED Roadway and Outdoor Area Lighting |
| 7 | Specialty Products |

Benefits and Cost Savings

- Covers a broad array of products.
- Competitive pricing.
- Opportunities to negotiate.
- Low special order markups.
- Wide selection of EPPs.

Who Can Use This Contract?

Applicable Procurement Law: MGL c. 7, § 22; c. 30, § 51, § 52; 801 CMR 21.00

Eligible Entities:

1. Cities, towns, districts, counties and other political subdivisions
2. Executive, Legislative and Judicial Branches, including all Departments and elected offices therein;
3. Independent public authorities, commissions and quasi-public agencies
4. Local public libraries, public school districts and charter schools;
5. Public Hospitals, owned by the Commonwealth;
6. Public institutions of high education
7. Public purchasing cooperatives;
8. Non-profit, UFR-certified organizations that are doing business with the Commonwealth;
9. Other states and territories with no prior approval by the State Purchasing Agent required; and
10. Other entities when designated in writing by the State Purchasing Agent.

Pricing and Purchase Options

Purchase Options: Most purchases made through this contract will be direct, outright purchases. Limited leasing or rental of certain items is allowed.

Statewide and Regional Contractors

This contract includes both statewide and regional awards. While region numbers are provided for regional contractors, it should be noted that the contract allows regional contractors to cover the territory normally covered by their company rather than limit them to a uniform region structure. For this reason, Eligible Entities should send quote requests to all contractors within a category.

Pricing and Buying Details

Referencing the Statewide Contract: In order to ensure that you receive all the benefits and savings associated with the statewide contract. Please **always reference the statewide**

contract and the document number (FAC76) when opening an account or placing an order with a contract vendor.

Price structure: Contract pricing for products is based on a discount off a price list specified for each category with limited exceptions specifically identified in each price file. Contract discounts and other pricing published under the contract represents “ceiling” or “not-to-exceed” pricing, and any published rebates are minimum rebates. It is therefore recommended that Eligible Entities obtain competitive quotes for their purchases.

Prices include delivery except in the following cases:

Special Orders: Any item listed in a contractor’s online or paper catalog or price list with a commercial price or MSRP is not considered a special order and must have FOB destination pricing on the contract. The FOB destination price will be calculated based on the list price or MSRP and the discount percentage for the item category listed in the contractor’s price file on COMMBUYS. For a list of vendors that offer special orders, see the **Summary of where to Obtain Important Information in COMMBUYS** section below.

No surcharges: No transportation, fuel, energy, insurance or any other surcharges will be allowed throughout the duration of the contract(s).

No pre-payments: Contractor must not request any form of pre-payments by the Eligible Entity before the service is rendered. For special projects implemented in phases, by mutual agreement of the Eligible Entity and the Contractor, invoices must be issued after each phase is completed to the Eligible Entity’s satisfaction.

Price files: Price Files (separate files for each award category) are posted for each contractor as attachments to their contract records on [COMMBUYS](#).

Product Pickup and Delivery

Contractors are required to deliver an order within two days of it being placed, but in most cases, next-day product delivery will be available for in-stock items. See the “Cover Sheet” of each contractor’s Price File for each contractor and category for delivery timeframes.

Late deliveries or deliveries that cannot be made within the above guidelines may be canceled at no cost to the Commonwealth. As an example, an Eligible Entity may refuse or cancel delivery of a product if it cannot be delivered by the last day of the fiscal year when it was ordered.

Quotes

It is recommended that **all** contractors within each category, statewide and regional, be sent requests for quote.

In the rare cases where the contract allows for shipping or delivery charges to be separated from the product price, those charges must be included in the quote and may not be marked up by more than 1%. Upon delivery or at the time of billing, shipping / delivery cost documentation must be provided at the Eligible Entity's request.

Quotes for special order items must comply with the requirements above and include any manufacturer restocking fees, subject to RFR Section 3.1.3, Returned Goods Policy, as well as any essential information on the manufacturer's product return policy, including but not limited to the product time frame.

Quotes including construction services:

Where the construction services are less than \$10,000: Select a contractor based on sound business practices/best value.

For construction services valued from \$10,000-\$50,000: Must receive two written responses; award to lowest responsible bidder.

The following qualifies as construction services under the contract:

- Installed Product sales

For quotes that do not include construction services, award based on best value.

Negotiation

All pricing on this contract is "ceiling" or "not-to-exceed" pricing. Eligible Entities have the right to negotiate pricing or other aspects of purchases within the scope of the contract, including delivery charges (if any), training, warranty and other provisions. .

Invoicing/Cost Reconciliation

Contractors' invoices must be itemized to reflect contract pricing for each item.

Returned Goods Policy

The Bidder's returned goods policy must allow for the return of unused products normally stocked by the Contractor, within 90 days of delivery, free of charge including transportation back to the Contractor's facility, in cases when:

- The wrong item was ordered,
- Product that was not ordered was delivered;
- Unopened product is being returned in the same condition as received for any reason;
- Product performance, appearance or other attributes do not meet the Eligible Entity's requirements.

Compliance with Construction Law

This contract may be used for construction related services as limited herein. Eligible Entities should consult their legal counsel for assistance determining whether installation work includes construction as defined by M.G.L. c.149 or M.G.L. c.30, §39M. If installation of the system is deemed to include construction, then installation work done under this contract is limited to \$50,000 or less.

Summary of Where to Obtain Important Contract Information in COMMBUYS

This contract has been set up as a zero dollar line item catalog and punchout catalog in COMMBUYS.

Vendors assigned a unique Master Blanket Purchase Order (MBPO) contain price lists located in the attachments tab on each Master Blanket Purchase Order.

These vendors have a catalog line for each contract category awarded.

How to Place an Order

PunchOut Vendors:

PunchOuts are COMMBUYS connections developed with specific sellers that allow buyers to 'PunchOut' to a seller's online shopping website to search for and choose the desired items. Once items are selected, the buyer transfers these items to COMMBUYS to start a release requisition. Use of PunchOut is covered in more detail in the Job Aid "[Purchase from a Vendor Online PunchOut G2B Catalog](#)" on [Job Aids for Buyers](#).

Please see below for the list of FAC76 Vendors who currently have PunchOut Catalogs:

- Bennett Noble LLC dba A&A Albeco
- Ferguson Enterprises
- FW Webb Company
- Granite City Electric Supply

- Graybar
- Kaufman Company
- Metropolitan Pipe
- Motion Industries Inc.
- Sonepar Distribution US Inc. dba NorthEast Electrical Distributors
- Standard Electric (Div. of USESI) with sub Hampden/Zimmerman Electric

Master Blanket Purchase Order:

Each vendors assigned a unique Master Blanket Purchase Order (MBPO) contain price lists located in the attachments tab on each Master Blanket Purchase Order. The line items on these Master Blanket Purchase Orders are zero dollar line items and orders should be placed through them using a release requisition. There are high level instructions below for purchasing, but more detailed information can be found in the Job Aid "[How to Create a Release Requisition and Purchase Order](#)". Purchasers will also have the option of using RPA

Once a quote is obtained and/or a product and price is determined, the ordering process is as follows:

- Initiate a new requisition
- Search for an item (Use FAC76) in the description
- Select the vendor you will be placing an order with
- Select the appropriate catalog line
- Enter the total price
- Attach the vendor quote and/or a detailed order summary
- Submit for approval

Solicitation-Enabled Master Blanket Purchase Order:

There is a Solicitation-Enabled Master Blanket Purchase Order (MBPO) that will allow for user to request quotes on items. The line item on this MBPO is a zero dollar line item and orders should be placed through them using a solicitation enabled release requisition. There are high level instructions below for requesting quotes, but more detailed information can be found in the Job Aid "[How to Create a Solicitation Enabled Bid using a Release Requisition](#)".

1. Start with a New Requisition - make sure to check off the Solicitation Enabled check box.
2. Within the requisition, Click on the Items tab, click 'Search Items'; then click the plus sign next to Advanced Search to do an advanced search. Use FAC76 in the Description field; or enter the MBPO number in the Contract / PO# field.
3. Once item is added to the requisition, COMMBUYS will bring you to the Items tab and have an error message saying that the line item needs to have a value greater than 0. Click on Enter Info under the Catalog Price/ Unit Cost and enter in the estimated cost. This can be hidden from the bid before sending it to the vendors.

4. Next click on the Distributor tab and select the vendors you want to solicit quotes from.
5. Attach your requested item description and any other pertinent documents (specifications, quantities, product descriptions etc.) in the Attachment tab, making sure to check the box that says Show to Vendor.
6. Review the Summary Tab, and then Submit for Approval.
7. Once Approved, the Requisition will turn into a bid ready for purchasing, once it is in this status, you will need to click Convert to Bid.
8. Once it is converted to a bid, you will go through the tabs and enter in the required information. On the Items tab you can delete the cost that was previously entered on the requisition so no estimated cost shows to the vendor, or if you leave the previously entered cost this will show to the vendor as an estimated cost.
9. Once everything is reviewed, it is then submitted for approval and sent to the vendors.
10. After quotes are received and evaluations are completed, awards and orders should be placed through COMMBUYS off of the Bid.
