This contract has been set up with two zero dollar line item catalog (Hilti, Inc. and Snap-on Industrial.) and three PunchOut catalogs (Fastenal, Grainger and MSC Industrial)in COMMBUYS.

How to place an order

PunchOut Vendors:

PunchOuts are COMMBUYS connections developed with specific sellers that allow buyers to 'PunchOut' to a seller's online shopping website to search for and choose the desired items. Once items are selected, the buyer transfers these items to COMMBUYS to start a release requisition. Use of PunchOut is covered in more detail in the Job Aid "[Purchase from a \(G2B\) PunchOut](#)" on [Job Aids for Buyer](#).

Please see below for the list of FAC94 Vendors who currently have PunchOut Catalogs:

- Fastenal
- Grainger
- MSC Industrial Supply

Master Blanket Purchase Order:

Each vendors assigned a unique Master Blanket Purchase Order (MBPO) contain price lists located in the attachments tab on each Master Blanket Purchase Order. The line items on these Master Blanket Purchase Orders are zero dollar line items and orders should be placed through them using a release requisition. There are high level instructions below for purchasing, but more detailed information can be found in the Job Aid "[How to Create a Release Requisition and Purchase Order](#)".

Once a quote is obtained and/or a product and price is determined, the ordering process is as follows:

- Initiate a new requisition
- Search for an item (Use FAC94) in the description
- Select the vendor you will be placing an order with
- Select the appropriate catalog line
- Enter the total price
- Attach the vendor quote and/or a detailed order summary
- Submit for approval

Please see below for the list of FAC94 Vendors who currently have Release MBPOs:

- Hilti, Inc.
- Snap-on Industrial

Solicitation-Enabled Master Blanket Purchase Order:

There is a Solicitation-Enabled Master Blanket Purchase Order (MBPO) that will allow for user to request quotes on items. The line item on this MBPO is a zero dollar line item and orders should be placed through them using a solicitation enabled release requisition. There are high level instructions below for requesting quotes, but more detailed information can be found in the Job Aid "[How to Create a Solicitation Enabled Bid using a Release Requisition](#)".

1. Start with a New Requisition - make **sure** to check off the Solicitation Enabled check box.
2. Within the requisition, Click on the Items tab, click 'Search Items'; then click the plus sign next to Advanced Search to do an advanced search. Use FAC94 in the *Description* field; or enter the MBPO number in the *Contract / PO#* field.
3. Once item is added to the requisition, COMMBUYS will bring you to the Items tab and have an error message saying that the line item needs to have a value greater than 0. Click on **Enter Info** under the **Catalog Price/ Unit Cost** and enter in the **estimated cost**. This can be hidden from the bid before sending it to the vendors.
4. Next click on the Distributor tab and select the vendors you want to solicit quotes from.
5. Attach your requested item description and any other pertinent documents (specifications, quantities, product descriptions etc.) in the Attachment tab, making sure to check the box that says Show to Vendor.
6. Review the Summary Tab, and then Submit for Approval.
7. Once Approved, the Requisition will turn into a bid ready for purchasing, once it is in this status, you will need to click Convert to Bid.
8. Once it is converted to a bid, you will go through the tabs and enter in the required information. On the Items tab you can delete the cost that was previously entered on the requisition so no estimated cost shows to the vendor, or if you leave the previously entered cost this will show to the vendor as an estimated cost.
9. Once everything is reviewed, it is then submitted for approval and sent to the vendors.
10. After quotes are received and evaluations are completed, awards and orders should be placed through COMMBUYS off of the Bid.
