For reference, see: [http://www.mass.gov/ig/publications/guides-advisories-other-publications/procurement-charts-november-7-2016.pdf](http://www.mass.gov/ig/publications/guides-advisories-other-publications/procurement-charts-november-7-2016.pdf)

This contract is to be used for construction, reconstruction, alteration, installation, demolition, maintenance or repair services and, if needed, associated materials. It is the responsibility of the Eligible Entity to consult their legal counsel for assistance determining whether installation work includes construction as defined by M.G.L. c.149 or M.G.L. c.30, §39M. Services provided under this contract (i.e. labor) are limited to $50,000 or less per engagement. **OSD does not provide guidance on this.** Questions around the Construction Law must be directed to the Eligible Entities legal counsel, AG and/or IG.

Eligible Entities will be allowed to contract with any contractor under Statewide Contract TRD01 for services for building or public works construction projects estimated to cost **less than $10,000** without the need to solicit multiple written price quotations when procuring these services, unless required by the eligible entity’s internal procurement policies and requirements. Eligible Entities must use sound
business practices which require a record that includes, at a minimum, the name and address of the person from whom the services were procured.

If using Statewide Contract TRD01 for services for c. 149 building construction or c. 30, s. 39M public works projects estimated to cost between $10,000 and $49,999.00 (this amount is capped for labor only), public agencies will be required to solicit at a minimum responses from at least three (3) TRD01 contractors and MUST receive two (2) written responses, provided that the contract shall be awarded to the responsible person offering to perform the contract at the lowest price quotation. If the project requires additional equipment/parts/materials the costs associated with such equipment/parts/materials may exceed $50,000 cost limit.

Construction projects exceeding these limits are not permitted under this contract. Additionally, MGL c. 7C, ss. 44-57, Design Services for Public Building Projects, is outside the scope of this statewide contract.

In instances where Statewide Contract TRD01 is used for services in excess of $25,000, MGL c. 149, s. 29 payment bonds are required from the selected Contractor. It is the responsibility of the eligible entity to enforce this requirement when soliciting quotes.

Vendor Licenses and Certifications
The Tradespersons contracts are awarded as qualifying lists by OSD. It is the responsibility of the Eligible Entity to ensure that they obtain copies of all the proper employment requirements including but limited to licenses, certifications, insurance, OSHA, etc. from the Contractor for all employees working on a project prior to engagement.

Prevailing Wage
The Eligible Entity has a legal obligation to request a prevailing wage schedule from the Department of Labor Standards (DLS) at www.mass.gov/dols for each job under TRD01. Any Eligible Entity that uses the contract must request a prevailing wage schedule at the time of the engagement of the contractor for specific services or projects. If the Eligible Entity is soliciting quotes, the prevailing wage schedule must be included in the Request for Quotes to vendors. As a condition of this contract, all Contractors have agreed to comply with the Prevailing Wage Law, as administered by the DLS. Questions regarding the Prevailing Wage Law may be answered by accessing the DLS Website at www.mass.gov/dols or by calling the DLS Prevailing Wage Program at (617) 626-6953.

Eligible Entities must obtain a copy of the Contractors weekly payroll records to ensure that Prevailing Wage was paid. The weekly payroll record must be reviewed prior to paying any invoice that includes Prevailing Wage. Chapter 149, § 27B requires the following information be contained on certified payroll records: For each employee, the name, address, occupational classification, hours worked and wages paid. For each apprentice, in addition to the aforementioned information, a photocopy of the
