## Division of Employment and Training Background

The Division of Employment and Training (the "Division"), under the Department of Labor and Workforce Development, assists the Commonwealth's job seekers by (1) matching job seekers with appropriate jobs, (2) ensuring prompt payment of unemployment benefits and providing access to employment and training services for eligible claimants, (3) managing trust fund reserves to pay benefits, and (4) maintaining capacity to provide labor market information.

The Division is funded jointly by the federal and state governments. During fiscal year 1999, the Division received a total of approximately \$142 million – \$135 million from the federal government and \$ 7 million from the state.

The federal funding to this Division is detailed in the accompanying Schedule of Expenditures of Federal Awards. The Division's major program was:

CFDA #	Federal Program Description
17.225	Unemployment Insurance

No findings resulted from the audit of this major program.

## Findings not Repeated from Prior Years

1. Documents and information necessary to determine applicant eligibility for regular unemployment insurance ("UI"), federal employees ("UCFE"), and ex-service members ("UCX") were incomplete or missing. The documents and information that were incomplete and missing are no longer required to be in applicant files. (*Fiscal Year 1998 Single Audit Finding 21*)
