**Carlisle Town Hall – Clark Room

At this meeting, DCR will discuss development of an Interpretive Master Plan for Great Brook Farm State Park. The plan will address issues such as management goals; the desired visitor experience; possible programs, signage, and exhibits; and long-range plans to interpret the cultural, natural, and historic resources of the park. The plan also will include discussion of the newly-constructed dairy barn that houses a robotic milking system, and will help put the dairy operation in the context of the entire park.

If you have questions about the public meeting, please email [DCR.Updates@state.ma.us](mailto:DCR.Updates@state.ma.us) or call 617-626-4974.
