Joe Orfant, Bureau Chief, Bureau of Project Design and Management

This manual was prepared under Commonwealth of Massachusetts Department of Conservation and Recreation Contract No. PO-2384 for Consultant Services—Historic Parkway Preservation Treatment Guidelines. We are grateful for the support and suggestions from many DCR who staff contributed their time and expertise to this project, as well as representatives of MassHighway, Massachusetts Historical Commission, and Executive Office of Environmental Affairs Office of Public Private Partnerships.

The consultant team acknowledges the extensive groundwork by The Halvorson Design Partnership and its team in inventorying the parkways and preparing an earlier draft that we took as our starting point. The suggestions of many private citizens who took the time to review the draft and attend public meetings have much improved this document.

The Consultant Team

Brown, Richardson & Rowe, Inc. (Prime)

Landscape Architects and Planners
