How to Use These Guidelines

Chapter 1 Introduction	1
1.1 Guiding Principles	2
1.2 Parkway Definition and Types	4
Chapter 2 Parkway Planning and Project Development	15
2.1 Project Thresholds	15
2.2 Project Initiation	16
2.2.1 Need Assessment	16
2.2.2 Project Management	16
2.2.3 General Treatment Considerations—Preparing the Consultant Scope	17
2.2.4 Composition of the Design Team	17
2.2.5 Regulatory Strategy	17
2.2.6 Public Participation Plan	17
2.2.7 Mapping and Data Standards	18
2.2.8 Procurement of Consultant Services	20
2.3 Design Control Report	23
2.3.1 Developing the Design Control Report	23
2.3.2 Parkway Context	24
2.3.3 Parkway Users	34
2.3.4 Transportation Demand	35
2.3.5 Measures of Effectiveness	37
2.3.6 Sight Distance	38
2.4 Determination of Treatment	39
2.5 Project Design	40
2.5.1 Schematic Design	41
2.5.2 Design Development	42
2.5.3 Final Design	42
2.6 Maintenance and Operation Planning	43
Chapter 3 Guidelines	44
3.1 Alignment	47
3.2 Cross Section Elements	49
3.2.1 Vistas from the Travelway	50
3.2.2 Interface of the Travelway and Landscape Grading	51
3.2.3 Sidewalks and Pathways	52
3.2.4 Shoulders	60
3.2.5 Lane Number and Width	62
3.2.6 Pavement Markings	64
3.2.7 Travelway Surface	66
3.2.8 Medians	68
3.2.9 Vegetation	70
3.2.10 Curbs	74
3.2.11 Clear Zone	76
3.2.12 Traffic Barriers	77
3.2.13 Walls	83

3.2.14	Utilities	86
3.2.15	Signage	87
3.2.16	Lighting	89
3.3	Major Structures	91
3.3.1	Bridges	91
3.4	Intersections and Curb Cuts	93
3.4.1	Interface with Municipal Roads	93
3.4.2	Traffic Signals	95
3.4.3	Rotaries and Roundabouts	96
3.4.4	Interface with Public Recreational Facilities	97
3.4.5	Curb Cuts	98
3.5	Stormwater Management/Drainage	99
3.5.1	Roadway Drainage	99
3.5.2	Stormwater Best Management Practices	101
3.5.3	Culverts and Swales	104
Chapter 4	Maintenance	106
4.1	Parkway Travelways	107
4.1.1	Pavement or Travelway Surface	107
4.1.2	Shoulders	107
4.1.3	Parking Areas	108
4.1.4	Pavement Markings	108
4.1.5	Landscape Grading, Slopes and Ledge Outcrops	108
4.1.6	Sidewalks and Pathways	108
4.1.7	Retaining Walls	109
4.2	Parkway Control of Vegetation	109
4.2.1	Tree Care	110
4.2.2	Shrub Care	112
4.2.3	Grass Care	112
4.2.4	Vistas and Overlooks	112
4.2.5	Trailheads and Crossings	113
4.2.6	Invasive Vegetation Control	113
4.3	Parkway Site Elements	114
4.3.1	Traffic Barriers and guardrails	114
4.3.2	Gates, Fencing, Railings	115
4.3.3	Signs	115
4.3.4	Trailheads and Trail Crossings	115
4.3.5	Benches, Picnic Tables and other Site Furniture	115
4.3.6	Trash Receptacles	115
4.4	Parkway Utilities	115
4.4.1	Utilities	116
4.4.2	Traffic Signals	116
4.4.3	Lighting	116
4.5	Parkway Drainage Utilities	116
4.5.1	Drop Inlets, Catch Basins and Stone Ladders	116
4.5.2	Paved Waterways or Swales	117
4.5.3	Vegetated Waterways or Swales	117
4.5.4	Headwalls	118
	Maintenance Schedule for Historic Parkways Matrix	119

Bibliography	123
Appendices	129
Appendix A: Parkway History	129
Appendix B: Managing Historic Parkways—Understanding the Threats and Issues	129 133
Appendix C: Historic Parkways Initiative	136
Appendix D: National Register Nomination and Metro-Boston Historic Parkways Matrix	140 142
Appendix E: Public Participation Summary	143
Appendix F: Table of Cross Reference with Federal Highway Administration <i>Flexibility in Highway Design</i> (1997) and MassHighway <i>Project Development and Design Guide</i> (2006)	154
Appendix G: List of Common Regulatory Thresholds	155
Appendix H: Standards for Preservation and Rehabilitation	157
Appendix I: Massachusetts Prohibited Plant List	160
Appendix J: HPI Sample Project Scope of Work	164
Appendix K: Glossary	176
