## **PATRICK-MURRAY ADMINISTRATION SEEKS APPLICATIONS FOR PROJECTS IN THE PARKS**

*Partnerships Matching Funds Program continues through fiscal year 2011*

BOSTON - The Department of Conservation and Recreation (DCR) is continuing the Partnerships Matching Funds Program with approximately \$700,000 to help finance capital projects at the agency's parks, beaches, and other facilities.

Starting immediately, DCR is accepting applications from Friends groups and other park advocacy groups, civic and community organizations, institutions, businesses, and dedicated individuals with an interest in improving the Commonwealth's natural, cultural, and recreational resources. During the remainder of fiscal year 2011, DCR will allocate the \$700,000 in matching funds to capital projects proposed and partly funded by those groups and approved by agency officials.

"DCR is extremely pleased to be able to engage our partners in improving and enhancing our state parks with their generous help and contributions to new capital projects," said DCR Commissioner Richard K. Sullivan Jr. "The shared stewardship of the state's valuable resources helps ensure our parks and beaches and forests will continue to be enjoyed for generations to come."

Since 2004, the Partnerships Matching Funds Program, financed with DCR capital funds, has enabled a combined investment by the Commonwealth and other public and private partners of more than \$10 million in the state's parks. Projects have included installing a bridge along the MassCentral Rail Trail in Oakham, restoring and renovating the historic Crosby Cape house in Nickerson State Park in Brewster, and commissioning murals designed and created by local students for the trail underpasses along the Nashua River Rail Trail in Groton.

This year, DCR will consider applications that will provide a match of non-state funds for capital projects at the agency's parks. The agency will consider projects that may require more than one year to plan and complete, and DCR will manage the implementation of the projects, in close consultation with the partner(s) making the contributions.

Applications for the matching funds are due by December 17, 2010, and DCR will decide which projects will receive matching funds by January 14, 2011. DCR will match projects
