DCR Forester Licensing Policy #2, which sets forth Continuing Forestry Education (CFE) requirements, is attached.

Policy #2 states that: **"Each Licensed Forester shall complete an average of at least 20 Continuing Forestry Education (CFE) credits per year to maintain his or her license. The average shall be calculated for the 3-year period coinciding with the terms of the license."** The FLB has interpreted that language to mean the following:

For those of you who have not completed 20 credits in the last year (1 year time period starting with the date of your "Last License Issue Date"), you will be allowed to go back as far as three years prior to your renewal date in your CFE submission in order to meet the 20 credit / yr. average. CFE's previously submitted may be resubmitted now in the three-year average calculation.

For those of you who have completed 20 credits within the last year (1 year time period starting with the date of your "Last License Issue Date") you need to only submit those 20 credits.

All applications must have supporting documentation for CFE credits (i.e. course certificates, cancelled checks, copies of articles written, certificates of membership on town boards, etc.)

**Please use the enclosed forms to apply for license renewal.
Submit with the \$50.00 renewal fee as soon as possible to:**

**Russell Wilmot, Secretary to the Forester Licensing Board, 151 West Boylston Drive,
Worcester, MA 01606**
