

## Appendix B – Property Maps

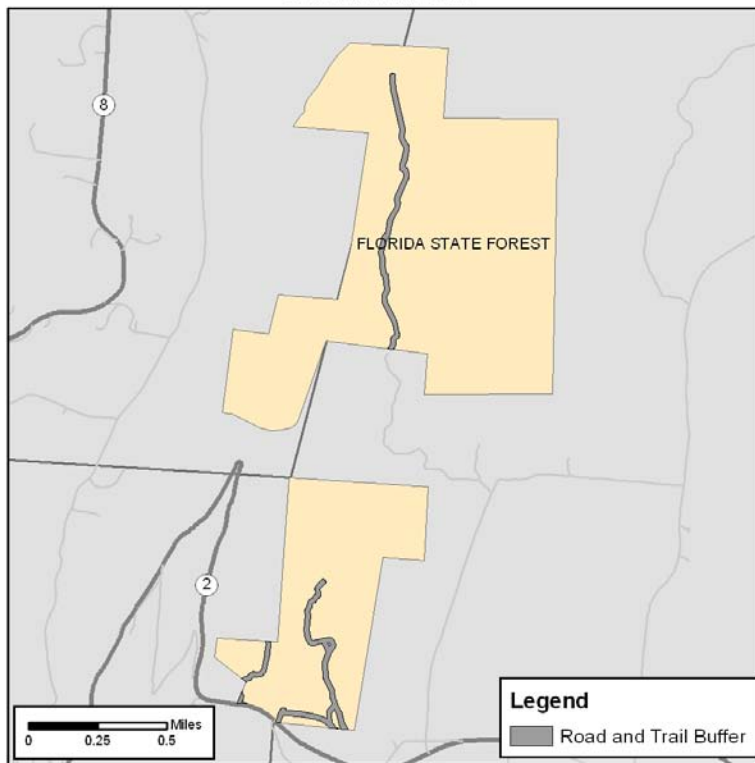

- 55. Florida State Forest – Reserves, Intensive Use and Active Management Areas
- 56. Florida State Forest – Hydrology Buffers
- 57. Florida State Forest – Road and Trail Corridors
- 58. Florida State Forest – Rare Species
- 59. Florida State Forest – Vegetation
- 60. Florida State Forest – Vegetation with Resource Overlays
- 61. Florida State Forest – Prime Soils
- 62. Florida State Forest – Archeologically Sensitive Areas
- 63. Florida State Forest – Potential Timber Harvests

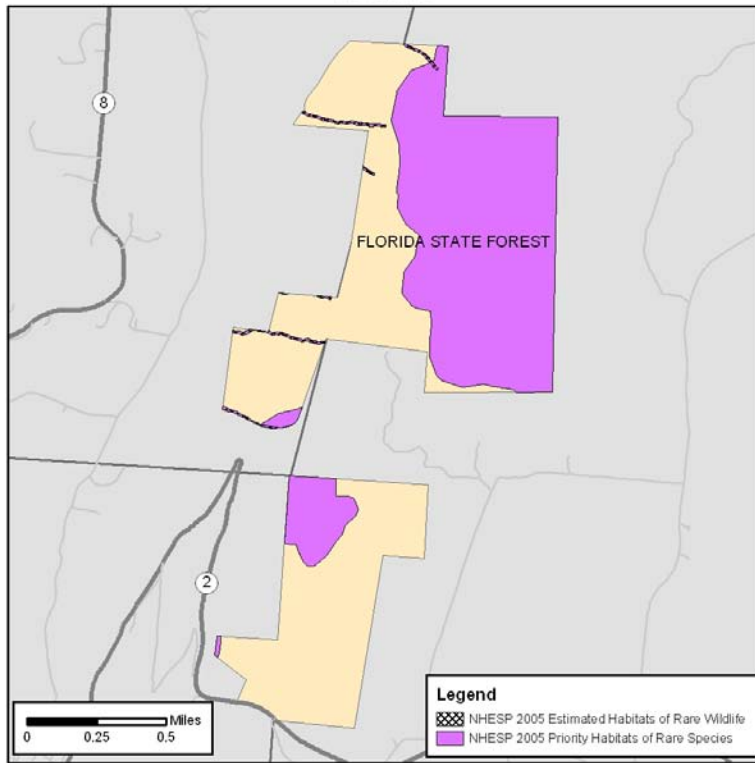

Florida State Forest  
100' Hydrology Buffers

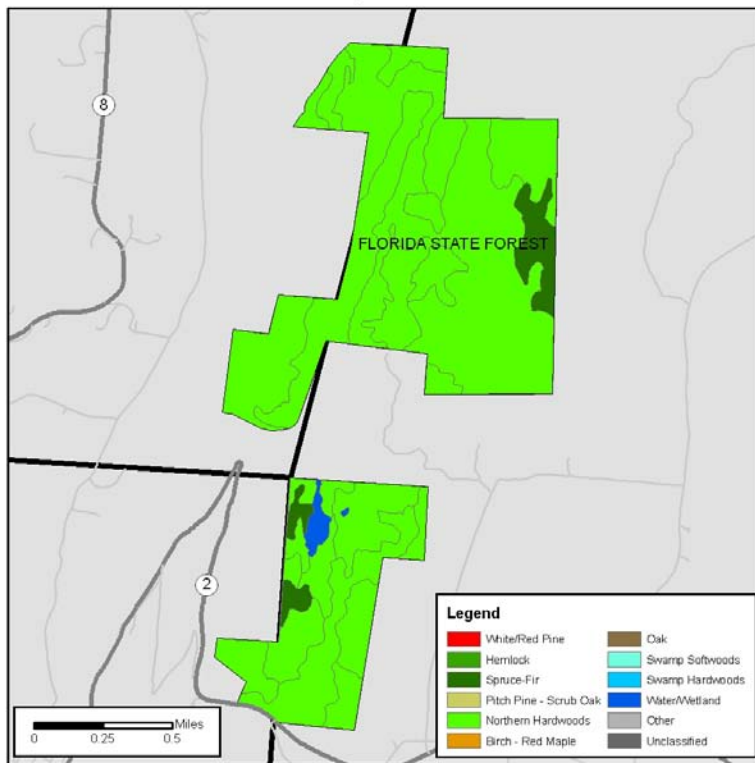

Florida State Forest  
50' Road and Trail Buffers

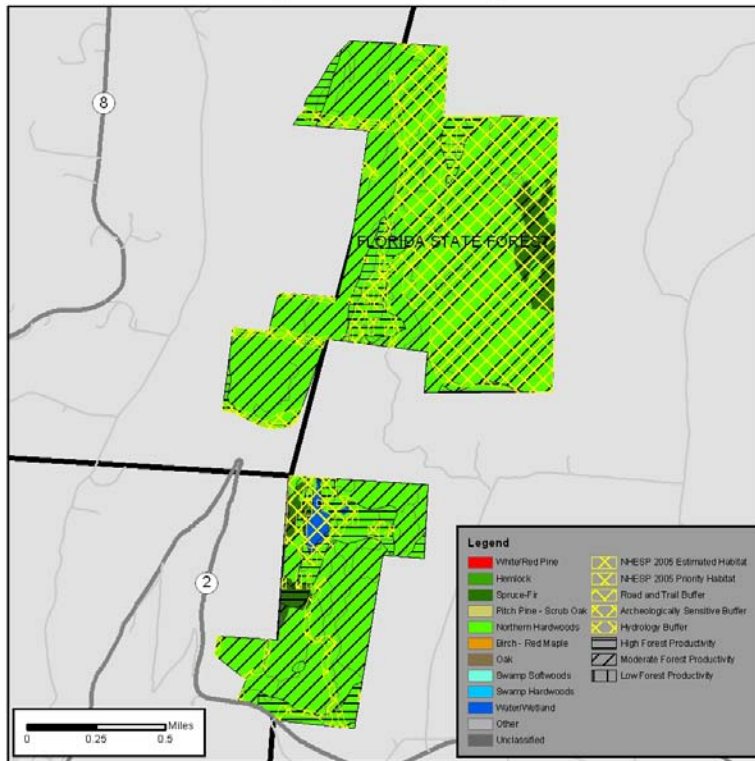

Florida State Forest  
Rare Species

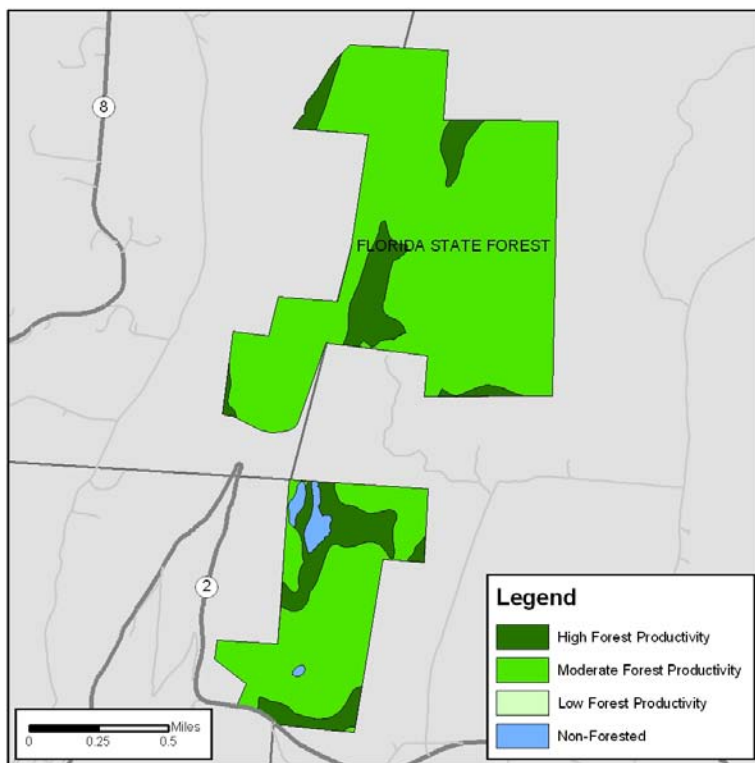

Florida State Forest  
Vegetation

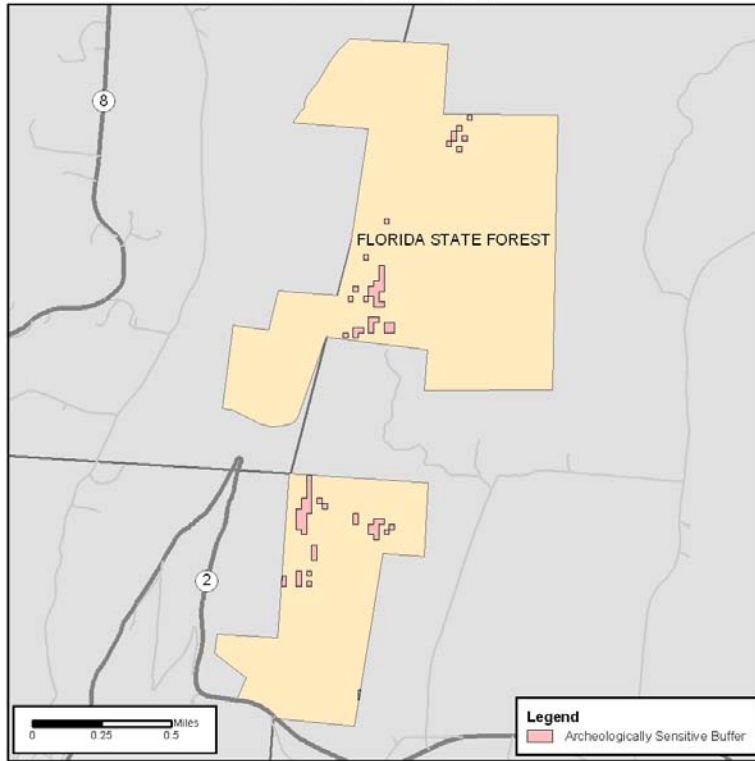

Florida State Forest  
Vegetation With Resource Overlays

Florida State Forest  
Prime Soils

Florida State Forest  
Archeologically Sensitive Buffer

Florida State Forest - Potential Timber Harvests Within Next 15 Years By Silvicultural Technique
