

**The following is a combination of
Federal and Massachusetts
Migratory Game Bird Laws and Regulations
in force from September 2008 - March 2009**

No one may take migratory birds except during days and hours open to hunting as described herein. No one shall take more than one daily bag limit per day nor possess more than one daily bag limit in the field or while returning to vehicle, hunting camp, home, etc.

BAITING - No person shall take migratory game birds by baiting (placing corn or any other food to constitute a lure or enticement) or hunting over a baited area. An area is considered baited for 10 days after removal of the bait. It is not necessary for the hunter to know that the area is baited to be in violation of this section.

BOW & ARROW - Lawful for hunting migratory game birds.

DRESSING - The head and one fully-feathered wing must remain attached to each migratory game bird while it is transported to the hunter's home or preservation facility.

DRIVING - A person shall not hunt migratory game birds from or in connection with a motor driven land conveyance, aircraft or any kind of motor or sail boat used in concentrating or driving birds either for himself or for others.

ELECTRIC CALLS - No person shall take migratory game birds using pre-recorded calls or sounds or any electronic imitations of calls.

FALCONRY - All permitted ducks and coot may be taken by falconry October 6 - February 6. Limits in falconry are 3 daily, 6 in possession singly or in aggregate. Falconry closed Sunday.

IMPORTATION - No person shall import migratory game birds killed in any foreign country except Canada unless such birds are dressed, drawn, and the head and feet removed. One fully-feathered wing must remain on each bird transported between port of entry and the hunter's home or preservation facility. No person shall import migratory game birds belonging to another. For further information on migratory game birds killed in another country, consult Title 50 CFR 20.61-20.66.

LIVE DECOYS - No person shall hunt migratory game birds with the aid of live decoys or domesticated fowl of any kind. Such fowl must be removed for 10 consecutive days prior to hunting and be confined in an enclosure which reduces the audibility of their calls and conceals them from the sight of migratory waterfowl.

NON-TOXIC SHOT - Is required for all waterfowl and coot hunting - no lead shot in possession. Waterfowl hunters must use non-toxic shot up to and including BBB shot while hunting waterfowl. Steel, bismuth-tin, iron-tungsten, tungsten-polymer, tungsten-matrix, tungsten-bronze, tungsten-tin-bismuth, iron-tungsten-nickel, tungsten-iron-copper-nickel, tungsten-tin-iron-nickel, and tungsten-tin-iron shot are legal.

PROHIBITED DEVICES - No one shall hunt migratory birds using a sinkbox, trap, snare, net, crossbow, rifle, pistol, air gun, swivel gun, punt gun, battery gun, machine gun, fish hook, poison, drug, explosive or stupefying substance.

SHIPMENT - Any package containing migratory game birds must be marked on the outside with the name and address of the sender and recipient and number of birds, by species, contained inside.

SHOTGUN - Migratory game birds may be hunted with shotguns no larger than 10 gauge, fired from the shoulder. Shotguns capable of holding more than 3 shells may not be used unless plugged with a one-piece filler which limits the gun's total capacity to 3 shells and which cannot be removed without disassembling the gun.

STAMPS - Each waterfowl hunter 16 years or older must carry on his person a valid federal waterfowl stamp and each hunter 15 years or older must carry a valid Massachusetts waterfowl stamp. Both stamps must be signed across the face in ink. Stamps are required for hunting any ducks (including seaducks) geese or brant, but not required for hunting rails, snipe, woodcock or American coot. Federal stamps are valid July 1 - June 30 and are available at all National Wildlife Refuges, selected U.S. Post Offices, and at www.usps.com. Massachusetts state stamps are valid Jan. 1 - Dec. 31 and available wherever hunting licenses are sold.

TAGGING - Any migratory game birds not in the custody of the hunter must be tagged with the hunter's signature, address, total number of birds by species, and dates such birds were killed. No person shall receive or have in custody another's migratory game birds unless such birds are properly tagged.

VEHICLES - No person shall hunt migratory game birds from or with the aid of a motor vehicle or other motor driven land conveyance or aircraft except that paraplegics may take game birds from a stationary motor vehicle or other land conveyance. Further, no person may hunt from or by means of any motor boat or sailboat unless the motor has been completely shut off and/or sails furlled and all progress therefrom has ceased. However, a hunter may pick up or retrieve dead or crippled birds from a craft *under power* and may shoot injured birds from powered craft in coastal waters seaward of the first upstream bridge.

WANTON WASTE - All migratory birds killed or crippled shall be retrieved if possible, immediately killed, and retained by the hunter as part of the daily bag.

YOUTH WATERFOWL HUNT - Youth ages 12 - 15. Ducks, coots, mergansers and geese. All youths must be accompanied by a licensed adult hunter with valid Massachusetts waterfowl stamp. One firearm only. Adult may not hunt and may carry firearm only when unloaded and cased. No license or stamp needed for youths ages 12 - 14. License and Massachusetts waterfowl stamp needed for youths age 15. No federal stamp required. All other hunting regulations apply.

ZONE LINES

During the 2008-09 waterfowl hunting season the state will be divided into the following three zones. A map of these zones is posted at www.mass.gov/dfwele/dfw/recreation/hunting/waterfowl/waterfowl_hunting_zones.htm

Berkshire - Westward of a line running from the Vermont boundary, southward along I-91 to Route 9, West on Route 9 to Route 10, South on Route 10 to Route 202 and South on Route 202 to the Connecticut line.

Central - Eastward of the Berkshire zone line and westward of a boundary which will run from the New Hampshire line southward on I-95 to Route 1, South on Route 1 to I-93, South on I-93 to Route 3, South on Route 3 to Route 6, West on Route 6 to Route 28, West on Route 28 to I-195, West on Route I-195 to the Rhode Island line except that the waters and the lands 150 yards above the high water mark of the Assonet River to the Route 24 bridge and the Taunton River to the Center Street/Elm Street bridge shall be in the Coastal Zone.

Coastal - Eastward and southward of the Central zone line to the coast.

North Coastal Zone - (late Goose season only) is that portion of the Coastal Zone north of the Cape Cod Canal to the New Hampshire line. During the late Canada goose season, this section is open to hunting. The remainder of the Coastal Zone is closed.

This publication is a summary of state and federal regulations concerning the hunting of migratory birds. The actual federal regulations may be found in Title 50, Code of Federal Regulations, Section 20, with some additional regulations in other locations. For additional information on federal regulations contact the Resident Agent-in-Charge, US Fish & Wildlife Service, Office of Law Enforcement, 70 Everett Ave., Suite 315, Chelsea, MA 02150, phone: (617) 889-6616. State regulations may be found in the Code of Mass. Regulations, 321 CMR3.02(2) and in several sections of Ch.131 MGL. Special regulations may apply on National Wildlife Refuges open to hunting. A violation of state regulations is also a violation of federal law.
