

COMMONWEALTH OF MASSACHUSETTS
BOARD OF REGISTRATION IN MEDICINE

Middlesex, ss.

Adjudicatory Case No.20-22-019
(RM-22-0264)

In the Matter of

George J. Madera, M.D.

FINAL DECISION AND ORDER

Procedural History

The Board initiated this matter by summarily suspending the Respondent's license to practice medicine on June 30, 2022. That same day, the Board issued a Statement of Allegations (SOA) against the Respondent and referred the matter to the Division of Administrative Law Appeals (DALA).

On December 19, 2022, Complaint Counsel filed a motion for Summary Decision. On February 8, 2023, Complaint Counsel moved to dismiss the Statement of Allegations. On February 14, 2023, the DALA Magistrate allowed Complaint Counsel's Motion to Dismiss, without prejudice.

Discussion

The Statement of Allegations asserts that the New Mexico Medical Board disciplined the Respondent's license to practice in that state. Specifically, the New Mexico Board reprimanded the Respondent's license, fined him \$3000, and suspended his license to practice in New Mexico pending a board-approved neuropsychiatric evaluation.

On January 3, 2023, the Respondent's counsel notified Complaint Counsel that the First Judicial District Court for the State of New Mexico had reversed the New Mexico Board and remanded the matter back to that Board for a new hearing.

Accordingly, the Board ADOPTS the Recommended Order of Dismissal and DISMISSES the June 30, 2022 Statement of Allegations, WITHOUT PREJUDICE, and reserves discretion to issue a new Statement of Allegations in the event that the New Mexico Board disciplines the Respondent after a new hearing. The Temporary Order of Suspension of the Respondent's license to practice medicine is also vacated.
