NOTICE OF PUBLIC HEARING

Under the authority of M.G.L. c. 118E and in accordance with M.G.L. c. 30A, the Executive Office of Health and Human Services (EOHHS) will hold a remote public hearing on March 8, 2024, at 9:30 a.m., relative to the adoption of amendments to the following regulation.

101 CMR 361.00: *Rates for Continuous Skilled Nursing Agency and Independent Nursing Services*

The proposed amendments to 101 CMR 361.00 update payment rates used by state governmental units for continuous skilled nursing (CSN) agency services delivered by eligible CSN agency and independent nurse providers to publicly aided individuals in accordance with M.G.L. c. 118E, § 13D, which requires EOHHS to establish rates for health care services to be paid by governmental units. Specifically, the proposed amendments increase the CSN rates through a multistep analysis process. This process includes rebasing CSN rates to the average of the Massachusetts 2022 Bureau of Labor Statistics 50th and 75th percentile wages, including an additional 15% increase for licensed practical nurse (LPN) wages to account for the role of LPNs in the CSN workforce. It also includes increasing base rates by 13% to align with hospital nursing salary increases that were adopted in a bargaining unit agreement and will be effective July 1, 2024. Finally, the analysis applies a fringe benefit markup and administrative markups and applies a prospective cost adjustment factor to all rates. The proposed amendments also establish a high-tech rate add-on for CSN services.

The proposed amended regulation contains rates effective for dates of service on or after August 16, 2024. The estimated aggregate annual fiscal impact of the proposed amendments is \$38.8 million. There is no fiscal impact on cities and towns.
