Additional Information for Research Subrecipients

Subrecipients of Federal Grant Funds

- Subrecipients receiving federal grant funds administered by OGR, must comply with **three sets of general grant conditions**: (1) federal conditions; (2) state conditions; and (3) OGR conditions. These three sets of general grant conditions are addressed in this primary document.

Federal Conditions

Federal conditions are based on laws passed by Congress, regulations issued by the federal department making the funds available and published in the Code of Federal Regulations (CFR), and financial guidance also created by the federal department making the funds available. Additionally, in most cases, there are requirements and conditions associated with specific federal grant-streams, which are not conditions of receipt of federal funds generally.

Note: See Addendum 5 for specific conditions associated with a specific federal grant-stream.

State Conditions

State conditions are established in laws passed by the Massachusetts Legislature and in orders and rules established by the governor. They are referenced in the Standard Contract Form itself and, in the pages attached to it.

OGR Conditions

OGR conditions outline the further administrative requirements for each grant award established by the Executive Office of Public Safety and Security (EOPSS) and Office of Grants and Research (OGR).

Subrecipients of State Grant Funds

- When receiving a grant award from state funds administered by OGR, subrecipients must comply with **two sets of general grant conditions**: (1) state conditions and (2) OGR conditions as described in the section above.
- State conditions are established in laws passed by the Massachusetts Legislature and in orders and rules established by the Governor. They are referenced in the Standard Contract Form itself and, in the pages, attached to it.
- OGR conditions outline the further administrative requirements for each grant award established by the EOPSS and OGR. They are included in this document.

Federal Grant Fund Conditions

The basic federal grant conditions below apply to all federal grants, regardless of the federal department making the funds available.

- **Audit Requirements of Federal Funds**
 - [2 CFR 200 Subpart F Audit Requirements](#) apply to each non-profit organization, institution of higher education, and local governments as a whole when they or one of their departments receives federal funds. Any non-profit organization, institution of higher education, or local government spending more than \$750,000 in federal funds *from all sources* within 12 months must have an audit performed on the use of the funds. OGR defines the 12 months as July 1 to June 30. The above webpage provides the full text of this basic federal grant requirement:
- **Unique Entity Identifier (UEI) and System for Award Management (SAM)**
 - All subrecipients of federal funds must have a 12-character alphanumeric UEI ID. For more information: Visit [SAM.gov | Home](#)
 - All subrecipients of federal funds must maintain annual registration in the SAM database: [SAM.gov | Home](#)
- **Transparency Act Reporting for Federal Funds**
 - The Federal Funding Accountability and Transparency Act (FFATA) requires EOPSS to report on a federal website specific award and subrecipient identifying information for each award greater than \$30,000 OGR makes with federal funds it received after October 1, 2010. Prior to receiving funds, certain affected subrecipients must report certain information to OGR so that EOPSS may fulfill its FFATA reporting requirements. Data reported by EOPSS may be viewed at [www.USASpending.gov](#).
- **Cost Principles for Federal Grants to non-federal entities, including State and Local Governments, Non-Profit Organizations, and Institutions of Higher Education**
 - [2 CFR Part 200 Subpart E](#) – Cost Principles. These regulations list and define general categories of costs that are both allowable and unallowable. Examples are included below.
 - The cost of alcoholic beverages is unallowable.

- Costs incurred by advisory councils are allowable.
 - Audit costs are allowable.
 - Compensation costs are allowable so long as they are consistent with that paid for similar work in other activities of the local government.
 - Entertainment costs are unallowable.
 - Equipment costs are allowable with the prior approval of OGR. Equipment having a useful life **of more than one year** or a current per-unit fair market value of **\$5,000 or more must be tracked**. When replacing equipment purchased with federal funds, the equipment to be replaced may be used as a trade-in or can be sold with the proceeds used to offset the cost of the replacement equipment. In addition, during the period of the contract with OGR, insurance on the equipment is allowable. Information required to be captured and recorded appears in Addendum 4.
 - Travel costs are allowable if pre-approved by OGR and if they are consistent with costs normally allowed in like circumstances for non-federally funded activities.
 - If a subrecipient uses grant funds to pay its employees, the subrecipient must maintain timesheets for work performed with the grant funds. Timesheets must show the hours worked and must be signed by the employee paid with the grant funds.
- **The 2 CFR Part 200 Appendices and links referenced below also apply to State and Local Governments, Non-Profit Organizations, and Institutions of Higher Education (IHEs):**

- **Nondiscrimination Requirements**
 - If you receive federal funds, you must comply with and require subcontractors, if any, to comply with all applicable statutorily-imposed nondiscrimination requirements, which may include the Omnibus Crime Control and Safe Streets Act of 1968 (42 U.S.C. § 3789d); the Victims of Crime Act (42 U.S.C. §

Order 13279 (equal protection of the laws for faith-based and community organizations); and 28 C.F.R. pt. 38 (U.S. Department of Justice Equal Treatment for Faith-Based Organizations).

- Per Title VI of the Civil Rights Act of 1964 and the Omnibus Crime Control and Safe Streets Act of 1968, you must take reasonable steps to provide meaningful access for persons with limited English proficiency.

 - In accordance with federal civil rights laws, you shall not retaliate against individuals for taking action or participating in action to secure rights protected by these laws.
- **Human Subjects Protection**

Additional Federal Department-Specific Grant Conditions

While the conditions above applies to all Federal grants, each Federal department can impose additional conditions associated with specific grants.

U.S. Department of Justice Funds

The U.S. Department of Justice (DOJ) offers a Financial Guide that presents grant requirements as defined by this federal agency. All subrecipients of these funds must adhere to these requirements.

- DOJ Financial Guide: <http://www.ojp.usdoj.gov/financialguide/index.htm>.

Pay particular attention to the sections on (1) matching or cost-sharing, (2) allowable costs, (3) unallowable costs, (4) procurement under awards of federal assistance, (5) costs requiring prior approval, (6) equipment, and (7) retention and access requirements for records.

- If you receive DOJ grant funds, you may be required to comply with the regulatory requirement to develop, maintain on file, and submit for review to the Office for Civil Rights, Office of Justice Programs and to OGR an Equal Employment Opportunity Plan (EEOP). DOJ's instructions on complying with the EEOP requirement: http://www.ojp.usdoj.gov/about/ocr/eeop_comply.htm

U.S. Department of Transportation Funds

State (MA) Grant Fund Conditions

For cities, towns, other public entities, non-profit organizations receiving state grant funds, the primary state conditions are included in the Contractor Certifications and Legal References document attached as Addendum 3 (which is excerpted from the Instructions for the Standard Contract Form).

Please pay attention to the specific certifications, legal references, and links in Addendum 3.

The Authorized Signatory's signature on the Standard Contract indicates that all materials have been read and the Signatory is agreeing to comply with all certifications and obligations.

Office of Grants and Research Conditions

In addition to the federal and state general grant conditions outlined above, EOPSS and OGR have certain grant conditions that are essential to the administration of grant awards. Whether subrecipients are receiving funds from a federal or state grant, they must adhere to these conditions. Federal and State Conditions must be adhered to by subrecipients of federal grant funds.

- **Drug-Free Workplace Certification**

The Drug-Free Workplace Act of 1988 (41 USC 702) requires all recipients of federal grants to provide an annual certification that the grant recipient will take certain steps to ensure a drug-free workplace.

- **Time Extensions of Contracts**
 - While uncommon, time extensions may be granted at the option of OGR. They are not encouraged or guaranteed.
 - If a subrecipient needs additional time to complete the scope of work for the grant award, OGR may approve a **time-only** extension as long as the contract with the revised end date is executed by both the subrecipient and OGR before the end date of the current contract.
 - **No time extension** will be permitted if the amended contract form is executed after the current contract end date.
 - Requests for time extensions must be made **at least 30 days** before the end date of the current contract.
- **Remaining Balances**
Any amount of an award remaining at the expiration of a contract or Interdepartmental Service Agreement will be reverted to OGR.
- **Interdepartmental Service Agreement Spending**
Interdepartmental Service Agreement (ISA) spending must adhere to the dates specified in the ISA and follow the policy in the ISA as dictated by the Office of the Comptroller (CTR).
- **Start and End Date**
Per the Office of the Comptroller, the Seller (*child department*) receiving funds, the official start date is the date the funds are **loaded into MMARS and available to the Seller** (*child department*).
- All goods must be received, and all services must be rendered by the end date of the ISA contract. Receipt of goods and services occurring after the specified ISA end date may result in denial of those costs. The Seller (*child department*) will be responsible for covering those costs with an account other than that funding the ISA.
- **Accounts Payable Period**
Each Interdepartmental Service Agreement has a defined accounts payable period. **ALL** payments must be completed and disbursed by the end date of the specified accounts payable period within the ISA.

NOTE: Subrecipients may not ask the Office of the Comptroller to extend an end date of the program code associated with the ISA without prior agreement by OGR. Should this occur, OGR will deny costs against the ISA. If the costs have already been accepted in MMARS, OGR will ask the “child” department to execute an expenditure correction transaction in MMARS to move those costs to another account belonging to the department.

- **Spending**
An ISA that crosses a state fiscal year ending (June 30) into the next fiscal year, must observe the Commonwealth’s policies on payment corrections or overpayments. That is, any unallowable charges must be corrected with an EX transaction before August 31.

Any unallowable payroll expenditures must be corrected by the date specified in the Fiscal Year Close/Open guidance issued each year by the Office of the State Comptroller. Any overpayments must be corrected with an ER transaction before August 31.

- **Reporting**

OGR requires all financial reports to be submitted along with a Warehouse Query and Labor Cost Management Query (for ISAs only) detailing the expenditures made for that period by the child department. Documentation to support the match is also required if a non-federal match is required.

At OGR's discretion, reimbursement will be held until reporting requirements are met.

- **Requests for reimbursement and Financial Reports**

All request for reimbursements and financial reports **MUST** be received by OGR 15 days after the end of the reporting period.

Those received after the required time frame may result in non-payment at the option of OGR. Should this occur, OGR will notify the subrecipient of the non-payment for this reason.

Reimbursement under a subsequent contract may also be withheld pending resolution of any outstanding documentation or other requirements not fulfilled to the satisfaction of OGR. Furthermore, OGR may withhold execution of any subsequent contract. If the request for reimbursement is returned because of incomplete documentation, the request and documentation must be resubmitted within the timeframe dictated by OGR.

- **Programmatic and Financial Reports** must be received in accordance with the requirements of the specific award. At the option of OGR, reimbursement will be held until all reporting requirements are met.
- **Allowable grant-related travel costs** will be paid at the lesser rate of \$.62 per mile or the subrecipient's normal reimbursement rate. This rate is subject to change. Tolls and parking for grant-related local travel may also be paid. Receipts are required.
- **Indirect cost rates will not** be reimbursed based on a percentage rate without documentation of the rate having been approved by a federal agency. When a percentage rate has not been approved by a federal agency, a subrecipient may request of OGR allowable direct costs that will be incurred and can be specifically allocated to the project being funded.

Note: [2 CFR 200.414\(F\)](#), "any non-Federal entity that does not have a current negotiated (including provisional) rate, except for those non-Federal entities described in appendix VII, paragraph D.1.b, may elect to charge a de minimis rate of 10% of modified total direct costs (MTDC) which may be used indefinitely."

Costs must be consistently charged as either indirect or direct costs but may not be double charged or inconsistently charged as both. If chosen, this methodology once elected must be

used consistently for all Federal awards until such time as a non-Federal entity chooses to negotiate for a rate, which the non-Federal entity may apply to do at any time.

- **Procurement practices** of subrecipient agencies must be followed. The subrecipient should ensure that its procurement practices conform to any specific federal guidelines found in the references in the federal conditions section above. Where there is a difference between the practices of the subrecipient agency/organization and a federal guideline, the more restrictive procedure applies.
- **Timesheets** must be maintained by subrecipients for work performed by its employee(s) paid for with grant funds. Timesheets must show the hours worked and paid for with grant funds and must be signed by the employee(s).

COMINGLING OF GRANT FUNDS IS STRICTLY PROHIBITED

- **Submission of “Federal OMB Circular 2 CFR 200 Audit Form (formerly OMB Circular A-133)”** is required for subrecipients that expend more than **\$750,000** in federal funds from all sources during their fiscal year.
- Subrecipients will submit the form to OGR at the end of the fiscal year after the completion of a single or program-specific audit of their federal funds. Subrecipients must indicate if they were required to have an audit and if so, to identify any findings related to the federal funds awarded by OGR.
- **Site visits and other monitoring** of subrecipients will be conducted by OGR periodically. All records, papers, and other documents of any kind related to the funded activity **must be made available** promptly upon request for inspection and copying to any person authorized by OGR.
- **Grant-related documents** for federal awards must be retained for a period of six years from the close of the contract. Grant related documents funded with state funding must be retained for six years after the close of the contract.
- **Evaluations** of a subrecipient’s funded program by an outside evaluator during or at the conclusion of the project period, should be reported to OGR in writing and a copy of the evaluation should be provided.
- **Reporting alleged fraud, waste, or abuse** to the Office of the State Auditor or Inspector General and/or to an applicable federal agency is the responsibility of the subrecipient. This includes any alleged violations, serious irregularities, sensitive issues or overt or covert acts involving the use of public funds in a manner not consistent with federal statutes, related laws, regulations, appropriate guidelines, or purposes of the grant.
- **Award sub-recipients must accept their award** no later than 30 days from the award date. Failure to accept a grant award within the 30-day timeframe may result in a loss of funds.

- **Use of funds should begin** within 90 days of the start of the contract, and if they are not, the subrecipient must report to OGR the steps taken to initiate the grant activities, the reasons for the delay, and the expected start of the use of the funds
- If meaningful implementation steps have not begun after 90 days of the grant start date, OGR reserves the right to cancel the contract.
- **Subcontractors** implementing activities with grant funds must adhere to the grant provisions in this document and should be approved by OGR prior to subrecipients executing subcontracts.

Instructional materials created or produced with grant funds will be “work made for hire,” as defined in United States copyright law, and EOPSS/OGR shall be considered the author.

EOPSS/OGR shall be the sole owner of all rights pertaining to these materials, including copyrights and all rights to use, reproduce, or publish the materials, and subrecipients may not use, reproduce, or distribute such materials without prior written the approval of OGR. If a project results in the production of **other original books, manuals, or copyrightable material**, unless otherwise provided in the contract documents, EOPSS/OGR reserves a royalty-free, non-exclusive and irrevocable license to reproduce, publish, translate or otherwise use, and authorize others to publish and use, such material. If paid with federal funds, the grant number must appear on the materials. Any materials produced as a result of a grant award from this agency should name the grant program, award number, and state “Funding provided by EOPSS Office of Grants and Research”. Please contact your OGR point of contact if you need assistance with this disclosure.

- **Audiovisual or written materials** developed as part of the grant may be required to incorporate specific language or disclaimers (e.g., regarding the federal source of funding) and in some instances pre-approval from the federal funding agency as instructed by the OGR grant manager.

OVERTIME POLICY FOR SUBRECIPIENTS RECEIVING FEDERAL FUNDS

This policy applies to all subrecipients and contractors that receive a Federal grant award from the Executive Office of Public Safety and Security's Office of Grants and Research (OGR) and are requesting to use grant funds for overtime costs.

Overtime hours being charged against a federal grant award provided by OGR may only seek reimbursement for **actual hours worked** regardless of department policy or union contract rules. For example, an officer working one hour of overtime on a federally funded project awarded by OGR is **prohibited** from **charging the grant award for 4 hours of overtime** due to a union contract. A department that must allow for this, will need to cover the remaining 3 hours of overtime from their own state or local budget. **Departments found violating this policy will be subject to immediate termination of a grant award and must return all misspent funds back to OGR.**

Definitions

For this policy, the definitions for the key terms referenced within are listed below:

- *Overtime*- Expenses limited to the additional costs that result from state and local first responders such as sworn law enforcement personnel working over and above their weekly full-time/part-time schedule as a direct result of their performance of approved activities related to the project receiving federal funding.
- *Backfill related Overtime*- Expenses limited to overtime costs that result from personnel who are working overtime (as identified above) to perform the duties of other personnel who are temporarily assigned to an approved grant activity outside of their core responsibilities.
- *Subrecipient*- An entity receiving a grant award from OGR.
- *First Responder*- State or local law enforcement, fire services, emergency medical services, emergency management, health care, hazardous materials, public safety communications, public health, public works, and government administrative type employees. *Note, each federal award has different criteria as to the type of individual allowed to be reimbursed for overtime costs. Please reference your specific grant application or OGR point of contact to determine qualifying personnel for overtime.*

State and local first responders that are eligible through their department for backfill and/or overtime (and preapproved by OGR) may be reimbursed for backfill and/or overtime **related to grant-funded activities ONLY**.

By signing below, I am acknowledging that I have read and understand the federal rules associated with the use of grant funding for Overtime Costs.

EOPSS and OGR may withhold reimbursements, cancel a contract, or withhold execution of any future grants for law enforcement agencies that do not comply with reporting requirements.

- **Crime Data Reporting.** Law enforcement organizations must submit timely and satisfactory monthly Uniform Crime Reporting (UCR) or National Incident Based Reporting System (NIBRS) reports to the Commonwealth's Crime Reporting Unit at the Commonwealth Fusion Center. If your organization has hardware and software that support the creation of NIBRS data, crime data must be submitted to the Crime Reporting Unit in that format.
- **Motor Vehicle Accident Reporting.** Police departments are required to report to the Registry of Motor Vehicles, within 15 days, accidents in which death, injury, or property damage in excess of \$1,000 occurs (M.G.L. c. 90, § 29). The licensing authority then must report readily available statistical data to the commonwealth fusion center. The data shall include, but not be limited to: (i) the make, model, serial number and caliber of the weapon used; (ii) the type of crime committed; (iii) whether an arrest or conviction was made; (iv) whether fingerprint evidence was found on the firearm; (v) whether ballistic evidence was retrieved from the crime scene; (vi) whether the criminal use of the firearm was related to known gang activity; (vii) whether the weapon was obtained illegally; (viii) whether the weapon was lost or stolen; and (ix) whether the person using the weapon was otherwise a prohibited person.

Commonwealth and Contractor Ownership Rights. The Contractor certifies and agrees that the Commonwealth is entitled to ownership and possession of all "deliverables" purchased or developed with Contract funds. A Department may not relinquish Commonwealth rights to deliverables nor may Contractors sell products developed with Commonwealth resources without just compensation. The Contract should detail all Commonwealth deliverables and ownership rights and any Contractor proprietary rights.

Qualifications. The Contractor certifies that it is qualified and shall at all times remain qualified to perform this Contract, and that performance shall be timely and meet or exceed industry standards for the performance required, which includes obtaining requisite licenses, registrations, permits, resources for performance, and sufficient professional, liability, and other appropriate insurance to cover the performance. If the Contractor is a business, the Contractor certifies that it is listed under the Secretary of State's website as licensed to do business in Massachusetts, as required by law.

Laws and Regulations Prohibiting Discrimination and Human Trafficking. Contractors acknowledge and certify as a condition of this Contract that they are responsible for complying fully with all state and federal laws prohibiting discrimination, human trafficking, and forced labor, including but not limited to M.G.L. c. 265 §§ 49-57.

Business Ethics and Fraud, Waste and Abuse Prevention. The Contractor certifies that performance under this Contract, in addition to meeting the terms of the Contract, will be made using ethical business standards and good stewardship of taxpayer and other public funding and resources to prevent fraud, waste and abuse.

Collusion. The Contractor certifies that this Contract has been offered in good faith and without collusion, fraud, or unfair trade practices with any other person, and that any actions to avoid or frustrate fair and open competition are prohibited by law and shall be grounds for rejection or disqualification of a Response or termination of this Contract.

Public Records and Access. The Contractor shall provide full access to records related to performance and compliance to the Department and officials listed under [Executive Order 195](#) and [M.G.L. c. 11, § 12](#) for six (6) years beginning on the first day after the final payment under this Contract or such longer period as necessary for the resolution of any litigation, claim, negotiation, audit or other inquiry involving this Contract. Access to view Contractor records related to any breach or allegation of fraud, waste and/or abuse may not be denied and Contractor cannot claim confidentiality or trade secret protections solely for viewing but not retaining documents. Routine Contract performance compliance reports or documents related to any alleged breach or allegation of non-compliance, fraud, waste, abuse, or collusion may be provided electronically and shall be provided at Contractor's own expense. Reasonable costs for copies of non-routine Contract related records shall not exceed the rates for public records under [950 CMR 32.00](#).

Invoices. The Contractor must submit invoices in accordance with the terms of the Contract and the Commonwealth Bill Paying Policy. Contractors must be able to reconcile and properly attribute concurrent payments from multiple Departments. Final invoices in any fiscal year must be submitted no later than August 15 for performance made and received (goods delivered, services completed) prior to June 30, in order to make payment for that performance prior to the close of the fiscal year to prevent reversion of appropriated funds. Failure to submit timely invoices by August 15 or other date listed in the Contract shall authorize the Department to issue an estimated payment based upon the Department's determination of performance delivered and accepted. The Contractor's acceptance of an estimated payment releases the Commonwealth from further claims for these invoices.

If budgetary funds revert due to the Contractor's failure to submit timely final invoices, or for disputing an estimated payment, the Department may deduct a penalty of up to 10% from any final payment in the next fiscal year for failure to submit timely invoices.

Payments Subject To Appropriation. Limitation of Liability. Contracts may not use the following limitation of liability language unless approved by legal staff at the Office of the Comptroller (CTR) or Operational Services Division (OSD), and it may not be used if a Department is utilizing the Commonwealth IT Terms and Conditions. The term “other damages” in Section 11 of the Commonwealth Terms and Conditions, “Indemnification,” shall include, but shall not be limited to, the reasonable costs the Commonwealth incurs to repair, return, replace or seek cover (purchase comparable substitute commodities and services) under a Contract. “Other damages” shall not include damages to the Commonwealth as a result of third-party claims, provided, that this in no way limits the Commonwealth’s right of recovery for personal injury or property damages or patent and copyright infringement under Section 11 or the Commonwealth’s ability to join the contractor as a third-party defendant. Further, the term “other damages” shall not include, and in no event shall the contractor be liable for, damages for the Commonwealth’s use of contractor provided products or services, loss of Commonwealth records, or data (or other intangible property), loss of use of equipment, lost revenue, lost savings or lost profits of the Commonwealth. Addendum 4: Federal Guidelines on Equipment

Below are the guidelines on equipment found in the Federal Uniform Administrative Requirements for Grants document.

§200.313 Equipment.

(a) *Title.* Subject to the requirements and conditions set forth in this section, title to equipment acquired under a Federal award will vest upon acquisition in the non-Federal entity. Unless a statute specifically authorizes the Federal agency to vest title in the non-Federal entity without further responsibility to the Federal Government, and the Federal agency elects to do so, the title must be a conditional title. Title must vest in the non-Federal entity subject to the following conditions:

(1) Use the equipment for the authorized purposes of the project during the period of performance, or until the property is no longer needed for the purposes of the project.

(2) Not encumber the property without approval of the Federal awarding agency or pass-through entity.

(3) Use and dispose of the property in accordance with paragraphs (b), (c), and (e) of this section.

(b) *General.* A state must use, manage, and dispose of equipment acquired under a Federal award by the state in accordance with state laws and procedures. Other non-Federal entities must follow paragraphs (c) through (e) of this section.

(c) *Use.* (1) Equipment must be used by the non-Federal entity in the program or project for which it was acquired as long as needed, whether or not the project or program continues to be supported by the Federal award, and the non-Federal entity must not encumber the property without prior approval of the Federal awarding agency. The Federal awarding agency may require the submission of the applicable common form for equipment. When no longer needed for the original program or project, the equipment may be used in other activities supported by the Federal awarding agency, in the following order of priority:

(i) Activities under a Federal award from the Federal awarding agency which funded the original program or project, then

(ii) Activities under Federal awards from other Federal awarding agencies. This includes consolidated equipment for information technology systems.

(2) During the time that equipment is used on the project or program for which it was acquired, the non-Federal entity must also make equipment available for use on other projects or programs currently or previously supported by the Federal Government, provided that such use will not interfere with the work on the projects or program for which it was originally acquired. First preference for other use must be given to other programs or projects supported by Federal awarding agency that financed the equipment and second preference must be given to programs or projects under Federal awards from other Federal awarding agencies. Use for non-federally funded programs or projects is also permissible. User fees should be considered if appropriate.

(3) Notwithstanding the encouragement in §200.307 to earn program income, the non-Federal entity must not use equipment acquired with the Federal award to provide services for a fee that is less than private companies charge for equivalent services unless specifically authorized by Federal statute for as long as the Federal Government retains an interest in the equipment. ***(NOTE: Please be advised that permission must be granted by OGR, the State Administrative Agency, prior to implementing a fee-for-service program).***

(4) When acquiring replacement equipment, the non-Federal entity may use the equipment to be replaced as a trade-in or sell the property and use the proceeds to offset the cost of the replacement property.

(d) *Management requirements.* Procedures for managing equipment (including replacement equipment), whether acquired in whole or in part under a Federal award, until disposition takes place will, as a minimum, meet the following requirements:

(1) Property records must be maintained that include a description of the property, a serial number or other identification number, the source of funding for the property (including the FAIN), who holds title, the acquisition date, and cost of the property, percentage of Federal participation in the project costs for the Federal award under which the property was acquired, the location, use and condition of the property, and any ultimate disposition data including the date of disposal and sale price of the property.

(2) A physical inventory of the property must be taken and the results reconciled with the property records at least once every two years.

(3) A control system must be developed to ensure adequate safeguards to prevent loss, damage, or theft of the property. Any loss, damage, or theft must be investigated.

(4) Adequate maintenance procedures must be developed to keep the property in good condition.

(5) If the non-Federal entity is authorized or required to sell the property, proper sales procedures must be established to ensure the highest possible return.

(e) *Disposition.* When original or replacement equipment acquired under a Federal award is no longer needed for the original project or program or for other activities currently or previously supported by a Federal awarding agency, except as otherwise provided in Federal statutes, regulations, or Federal awarding agency disposition instructions, the non-Federal entity must request disposition instructions from the Federal awarding agency if required by the terms and conditions of the Federal award. Disposition of the equipment will be made as follows, in accordance with Federal awarding agency disposition instructions:

(1) Items of equipment with a current per unit fair market value of \$5,000 or less may be retained, sold, or otherwise disposed of with no further responsibility to the Federal awarding agency.

(2) Except as provided in §200.312(b), or if the Federal awarding agency fails to provide requested disposition instructions within 120 days, items of equipment with a current per-unit fair market value in excess of \$5,000 may be retained by the non-Federal entity or sold. The Federal awarding agency is entitled to an amount calculated by multiplying the current market value or proceeds from sale by the Federal awarding agency's percentage of participation in the cost of the original purchase. If the equipment is sold, the Federal awarding agency may permit the non-Federal entity to deduct and retain from the Federal share \$500 or ten percent of the proceeds, whichever is less, for its selling and handling expenses.

(3) The non-Federal entity may transfer title to the property to the Federal Government or to an eligible third party provided that, in such cases, the non-Federal entity must be entitled to compensation for its attributable percentage of the current fair market value of the property.

(4) In cases where a non-Federal entity fails to take appropriate disposition actions, the Federal awarding agency may direct the non-Federal entity to take disposition actions.

The undersigned shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, subgrants, and contracts under grant, loans, and cooperative agreements) and that all subrecipients shall certify and disclose accordingly.

This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

Restriction on State Lobbying

All subrecipients, contractors and subcontractors funded by NHTSA grants agree that none of the funds under this program will be used for any activity specifically designed to

urge or influence a State or local legislator to favor or oppose the adoption of any specific legislative proposal pending before any State or local legislative body. Such activities include both direct and indirect (e.g., "grassroots") lobbying activities, with one exception. This does not preclude a State official whose salary is supported with NHTSA funds from engaging in direct communications with State or local legislative officials, in accordance with customary State practice, even if such communications urge legislative officials to favor or oppose the adoption of a specific pending legislative proposal.

Certification Regarding Debarment and Suspension

Instructions for Lower Tier Participant Certification (subrecipients)

- 1.** By signing and submitting this proposal, the prospective lower tier participant is providing the certification set out below and agrees to comply with the requirements of 2 CFR parts 180 and 1200.
- 2.** The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.
- 3.** The prospective lower tier participant shall provide immediate written notice to the person to which this proposal is submitted if at any time the prospective lower tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
- 4.** The terms *covered transaction*, *civil judgment*, *debarment*, *suspension*, *ineligible*, *participant*, *person*, *principal*, and *voluntarily excluded*, as used in this clause, are defined in 2 CFR parts 180 and 1200. You may contact the person to whom this proposal is submitted for assistance in obtaining a copy of those regulations.
- 5.** The prospective lower tier participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.
- 6.** The prospective lower tier participant further agrees by submitting this proposal that it will include the clause titled "Instructions for Lower Tier Participant Certification" including the "Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion-Lower Tier Covered Transaction," without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions and will require lower tier participants to comply with 2 CFR parts 180 and 1200.
- 7.** A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not proposed for debarment under 48 CFR part 9, subpart 9.4, debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant is responsible for ensuring that its principals are not suspended, debarred, or otherwise

ineligible to participate in covered transactions. To verify the eligibility of its principals, as well as the eligibility of any prospective lower tier participants, each participant may, but is not required to, check the System for Award Management Exclusions website (<https://www.sam.gov/>).

8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

9. Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is proposed for debarment under 48 CFR part 9, subpart 9.4, suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension or debarment.

**Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion--
Lower Tier Covered Transactions:**

1. The prospective lower tier participant certifies, by submission of this proposal, that neither it nor its principals is presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participating in covered transactions by any Federal department or agency.

2. Where the prospective lower tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

Buy America Act

The State and each subrecipient will comply with the Buy America requirement (23 U.S.C. 313) when purchasing items using Federal funds. Buy America requires a State, or subrecipient, to purchase with Federal funds only steel, iron and manufactured products produced in the United States, unless the Secretary of Transportation determines that such domestically produced items would be inconsistent with the public interest, that such materials are not reasonably available and of a satisfactory quality, or that inclusion of domestic materials will increase the cost of the overall project contract by more than 25 percent. In order to use Federal funds to purchase foreign produced items, the State must submit a waiver request that provides an adequate basis and justification for approval by the Secretary of Transportation.

Domestic Preferences for Procurements (2 C.F.R. §200.322)

As appropriate and to the extent consistent with law, the non-Federal entity should, to the greatest extent practicable under a Federal award, provide a preference for the purchase, acquisition, or use of goods, products, or materials produced in the United States (including but not limited to iron, aluminum, steel, cement, and other manufactured products). The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For purposes of this section:

(1) “Produced in the United States” means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States.

(2) “Manufactured products” means items and construction materials composed in whole or in part of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; aggregates such as concrete; glass, including optical fiber; and lumber.

Prohibition on Telecommunications and Video Surveillance (2 C.F.R. §200.216)

(a) Recipients and subrecipients are prohibited from obligating or expending loan or grant funds to:

(1) Procure or obtain;

(2) Extend or renew a contract to procure or obtain; or

(3) Enter into a contract (or extend or renew a contract) to procure or obtain equipment, services, or systems that uses covered telecommunications equipment or services as a substantial or essential component of any system, or as critical technology as part of any system. As described in Public Law 115-232, section 889, covered telecommunications equipment is telecommunications equipment produced by Huawei Technologies Company or ZTE Corporation (or any subsidiary or affiliate of such entities).

(i) For the purpose of public safety, security of government facilities, physical security surveillance of critical infrastructure, and other national security purposes, video surveillance and telecommunications equipment produced by Hytera Communications Corporation, Hangzhou Hikvision Digital Technology Company, or Dahua Technology Company (or any subsidiary or affiliate of such entities).

(ii) Telecommunications or video surveillance services provided by such entities or using such equipment.

(iii) Telecommunications or video surveillance equipment or services produced or provided by an entity that the Secretary of Defense, in consultation with the Director of the National Intelligence or the Director of the Federal Bureau of Investigation, reasonably believes to be an entity owned or controlled by, or otherwise connected to, the government of a covered foreign country.

(b) In implementing the prohibition under Public Law 115-232, section 889, subsection (f), paragraph (1), heads of executive agencies administering loan, grant, or subsidy programs shall prioritize available funding and technical support to assist affected businesses, institutions and organizations as is reasonably necessary for those affected entities to transition from covered communications equipment and services, to procure replacement equipment and services, and to ensure that communications service to users and customers is sustained.

(c) See Public Law 115-232, section 889 for additional information.

(d) See also §200.471.

Prohibition on Using Grant Funds to Check for Helmet Usage

The State and each subrecipient will not use 23 U.S.C. Chapter 4 grant funds for programs to check helmet usage or to create checkpoints that specifically target motorcyclists.

Termination (2 C.F.R. §200.340)

(a) The Federal award may be terminated in whole or in part as follows:

(1) By the Federal awarding agency or pass-through entity, if a non-Federal entity fails to comply with the terms and conditions of a Federal award;

(2) By the Federal awarding agency or pass-through entity, to the greatest extent authorized by law, if an award no longer effectuates the program goals or agency priorities;

(3) By the Federal awarding agency or pass-through entity with the consent of the non-Federal entity, in which case the two parties must agree upon the termination conditions, including the effective date and, in the case of partial termination, the portion to be terminated;

(4) By the non-Federal entity upon sending to the Federal awarding agency or pass-through entity written notification setting forth the reasons for such termination, the effective date, and, in the case of partial termination, the portion to be terminated. However, if the Federal awarding agency or pass-through entity determines in the case of partial termination that the reduced or modified portion of the Federal award or subaward will not accomplish the purposes for which the Federal award was made, the Federal awarding agency or pass-through entity may terminate the Federal award in its entirety; or

(5) By the Federal awarding agency or pass-through entity pursuant to termination provisions included in the Federal award.

(b) A Federal awarding agency should clearly and unambiguously specify termination provisions applicable to each Federal award, in applicable regulations or in the award, consistent with this section.

(c) When a Federal awarding agency terminates a Federal award prior to the end of the period of performance due to the non-Federal entity's material failure to comply with the Federal award terms and conditions, the Federal awarding agency must report the termination to the OMB-designated integrity and performance system accessible through SAM (currently FAPIIS).

(1) The information required under paragraph (c) of this section is not to be reported to designated integrity and performance system until the non-Federal entity either—

(i) Has exhausted its opportunities to object or challenge the decision, see §200.342; or

(ii) Has not, within 30 calendar days after being notified of the termination, informed the Federal awarding agency that it intends to appeal the Federal awarding agency's decision to terminate.

(2) If a Federal awarding agency, after entering information into the designated integrity and performance system about a termination, subsequently:

(i) Learns that any of that information is erroneous, the Federal awarding agency must correct the information in the system within three business days;

(ii) Obtains an update to that information that could be helpful to other Federal awarding agencies, the Federal awarding agency is strongly encouraged to amend the information in the system to incorporate the update in a timely way.

(3) Federal awarding agencies must not post any information that will be made publicly available in the non-public segment of designated integrity and performance system that is covered by a disclosure exemption under the Freedom of Information Act. If the non-Federal entity asserts within seven calendar days to the Federal awarding agency who posted the information, that some of the information made publicly available is covered by a disclosure exemption under the Freedom of Information Act, the Federal awarding agency who posted the information must remove the posting within seven calendar days of receiving the assertion. Prior to reposting the releasable information, the Federal agency must resolve the issue in accordance with the agency's Freedom of Information Act procedures.

(d) When a Federal award is terminated or partially terminated, both the Federal awarding agency or pass-through entity and the non-Federal entity remain responsible for compliance with the requirements in §§200.344 and 200.345.

The National Highway Traffic Safety Administration (NHTSA) has compiled a comprehensive web site library of resource documents related to Federal Regulations for all current and legacy grant programs. Subrecipients must comply with the requirements of the programs that are applicable to their awards. The documents can be accessed here: <https://one.nhtsa.gov/About-NHTSA/Highway-Safety-Grant-Programs/Resources-Guide>

At a minimum, subrecipients must comply with all applicable provisions of:

- Title 2 CFR Part 200- Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards
- Title 23 CFR Part 1300- Uniform Procedures for State Highway Safety Grant Programs; Final Rule
- Title 23 Chapter II Subchapter A Part 1200

Listed below are some select topics that subrecipients should be particularly aware of.

Equipment

In addition to the federal requirements described in this document that pertain to the procurement, management and disposition of equipment, state agencies must follow state laws and regulations if they are more restrictive.

Items no longer needed or used by Executive Departments are reported to the State Surplus Property Office. Surplus Property becomes available for transfer to executive departments, municipalities, or licensed non-profits. Items not transferred are sold to the general public via auction. The State Surplus Property Program is managed by the Operational Services Division's State Surplus Property Office. The purpose of the Program is to ensure that the Commonwealth realizes the maximum benefit from State-owned surplus property by regulating how such property is transferred to Executive Departments, municipalities, licensed non-profit organizations, and the general public.

Travel Approval

For any travel that was not previously approved within the scope of work for the grant award, subrecipients must obtain prior written approval from the Highway Safety Division for:

1. Out-of-state travel expenses and;
2. Overnight in-state lodging, meals, and related expenses.

Travel approval requests must be submitted to EOPSS at least thirty (30) days prior to the departure date.

Requests to EOPSS must be from an authorized official for the subrecipient, on its letterhead, and include:

Proposed travel date(s) and destination

- Anticipated travel cost
- Name of grant program
- Name(s) of individual(s) traveling
- Brief explanation of why travel is necessary
- Supporting documents (e.g., conference brochure, agenda or website link)

A separate request must be submitted for each proposed trip, but multiple travelers going together to one destination can be included on one request.

Auto-related In-State Travel

- Auto-related in-state travel expenses incurred by subrecipients do **not** need prior EOPSS approval. Mileage reimbursement is **\$0.62 per mile as of July 17, 2022**. Mileage reimbursement is for personal vehicles only. No mileage reimbursement will be made related to the use of state/municipal or other organization-owned vehicles.
- Reasonable rental car expenses are allowable.
- Mileage expenses must be based from either the traveler's home or permanently assigned office to a meeting place, whichever is nearer the destination, and back to the starting point if applicable. It is the Massachusetts Executive Office for Administration and Finance requirement to calculate mileage using the shorter distance of the home or office to the temporary work location as detailed here: <http://www.mass.gov/anf/employment-equal-access-disability/employee-benefits-and-comp/mileage-rates>
- For each trip, the starting point, destination(s), and end point must be reported within the reimbursement request. If additional destinations occur during the trip, separately identify the locations visited and the total mileage travelled.
- Trip totals must be supported with either actual odometer start/end readings or computed from a recognized mileage chart or online mapping site. The reimbursement request should include a copy of the chart or site used or the start/end odometer readings.
- Taxi, shuttle or public transportation expenses within a reimbursement request must be supported with a clear photocopy of a dated receipt that includes the start and end trip points (if possible), the total fare, and the issuing organization. Tips for taxis and shuttles are reimbursable if reasonable and clearly documented with an itemized, dated receipt.
- Tolls and reasonable parking expenses within a reimbursement request must be supported with a clear photocopy of a dated receipt that shows a total charge and the issuing organization. Toll expenses are reimbursable to the driver of a municipal vehicle if a signed statement on municipal letterhead is included with the reimbursement request to indicate the toll expense was paid by the driver and not by his/her municipal employer.

Overnight In-State Travel

Reimbursement is allowable for overnight in-state travel expenses (i.e., lodging, meals, and related costs) that involve 180 miles or more of round-trip travel from either the traveler's home or permanently assigned office, whichever is nearer to the destination. EOPSS may waive this requirement in the case of an unusual early start or late end time or if the activity is held on multiple consecutive days. These waiver requests must be submitted to EOPSS at least thirty (30) days prior to the departure date. Pre-approval of overnight in-state travel expenses is always subject to EOPSS discretion, which depends upon the circumstances of the request.

Lodging & Meals Expenses

Meal expenses/per diems must be allowable and may not exceed the approved travel expenses policy of the traveler's employer (i.e., municipal collective bargaining agreement) or the state travel expenses policy summarized below, **whichever is the more restrictive**. This use of the more restrictive reimbursement rate is required by 2 CFR Part 200 (Super Circular), [Section 200.475](#). Other key points:

- Reimbursement for meal expenses will only be made in conjunction with travel that requires the traveler to be away from home for more than 24 hours.
- Meal expenses for travel of more than 24 hours are reimbursable at up to \$30.00 for each whole day of travel. A whole day shall be a 24-hour period commencing at midnight.
- For travel for partial days, individual meal allowances are breakfast up to \$6.00, lunch up to \$8.00, dinner up to \$16.00.
- The rates above shall apply only when meals are not included in the rate charged for lodging or otherwise included in registration or conference fees.
- The duration of travel shall begin from the employee's departure from his/her home or work location directly to the destination of the travel assignment, and shall conclude with the employee's arrival at his/her home or work location directly from such travel assignment

Lodging expenses must not exceed the applicable federal rates for the location visited. The Government Services Administration (GSA) website (www.gsa.gov) lists current and past lodging rates by city, county, and state and time of year. If obtaining a GSA lodging rate is ultimately not possible, the traveler is responsible for providing an explanation of the following: the amount of the overage (GSA rate vs. obtainable rate), a statement explaining what efforts were made to book lodging at a GSA rate hotel, and why these efforts were unsuccessful. This explanation will need to be submitted by e-mail to EOPSS and approved **before** any reservation is made. The approval e-mail must be included with the associated reimbursement request sent to EOPSS.

Lodging and meal reimbursement requests must be based upon submitted receipts that are adequately detailed and readable to ensure expenses are applicable and allowable.

Lodging and meals tax are allowable. Meals related tips and lodging related tips are allowable so long as they are reasonable and clearly documented on an itemized, dated receipt.

Transportation Expenses

The means of transportation which is the least expensive and which is in the interest of economy, with proper consideration to the circumstances, should always be used. Mass transit is preferable to taxis or privately-owned automobiles. Airline baggage handling and re-schedule fees are allowable expenses.

Unallowable Travel Costs and Other Restrictions

No reimbursements will be made for car washes, entertainment, and alcoholic beverages.

Receipts that combine travel-related expenses under a single total with no itemization of the expenses involved will not be accepted.

If you have any questions regarding this guidance, please contact your Program Coordinator.
