ALIF (Annual License Information Form) Submission

TO: Boards of Selectmen, City/Town Clerks, Licensing Boards, IT/MIS Directors
FROM: Gerard D. Perry, Deputy Commissioner, Division of Local Services
DATE: January 31, 2005
SUBJECT: New Electronic Submission Website for ALIF and APIF Annual Submissions

As you are probably aware, all agencies and political subdivisions of the Commonwealth must file with the Massachusetts Department of Revenue (DOR) an annual list of all new or renewed licenses to conduct a business, trade or profession during the previous calendar year. Historically, this information was submitted on form ALIF, Annual License Information Form and was due by February 1st.

We are writing to announce a new online reporting method that will be available shortly on our website and to extend the deadline to March 15, 2005. We hope that you will participate in this electronic program and that you will find the system easy to use. We will accept an electronic list of license holders using either
• Bulk data using a standard format to be published on the website around March 1, 2005,
• Bulk data using your custom format identified for us using a format mapping tool on the website, or
• Individual licenses that you data enter on our website.

One login and password will be issued to each community for ALIF submission this year. In subsequent years, each local official with business license submission responsibilities will have their own login/password.

Receiving this information in electronic format will enable us to upload it to the agency’s Data Mining tool. It can then be used to help us identify businesses that have not registered with us or are not remitting sales, withholding or other business taxes that they collect on behalf of the Commonwealth. Similar data items have allowed us to identify and collect over $100 million in overdue taxes in the past few years. Given the current fiscal challenges faced by both state and local governments we are confident you agree with the importance of ensuring that all businesses and individuals pay their taxes.

We recently reviewed ALIF forms submitted by a number of cities and towns over the past few years. Most communities have submitted data to DOR on this form. However, there would appear to be some
inconsistency in the type of licensing information included in each submission. Some towns have included only Common Victualers licenses, others a list of registered DBAs. We believe that clearer instructions on the part of DOR would lead to more consistent information. To that end, we’ve attached a list of license types to be included if issued by your community and of the information specific to each licensee that we hope to receive.

We believe that a new, improved ALIF process will increase tax collections and is a realistic goal given the history of cooperation between our agency and the cities and towns of the Commonwealth. We have posted a Power Point presentation on our website that will show you what this new application will look like: http://www.dls.state.ma.us/it/Proposed_Web.ppt. If you are unable to comply with the extended deadline, please let us know. We understand that this is short notice and want to work with you to make this program a success. DOR is interested in researching other areas where we can share data and/or business application processes with municipalities. If your community is interested in meeting with DOR or piloting new web applications, please contact David Davies 617-626-2383, daviesd@dor.state.ma.us. Should you have any questions about the scope or content of the ALIF program, or require any further information, please contact:

Attention: - Joseph Lupica
Telephone (617) 887-6726
e-mail: lupica@dor.state.ma.us

Thank you for your cooperation in this matter that we expect will, after full implementation, allow easier compliance for each municipality as well as ensuring better tax compliance of licensees.
The Division of Local Services is responsible for oversight of and assistance to cities and towns in achieving equitable property taxation and efficient fiscal management. The Division regularly publishes IGRs (Informational Guideline Releases detailing legal and administrative procedures) and the Bulletin (announcements and useful information) for local officials and others interested in municipal finance.
