

2014 Instructions
for Massachusetts
Premium Excise
Return for
Life Insurance
Companies
Form **63-20P**

Form 63-20P Instructions

Who Must File Form 63-20P?

All domestic life insurance companies, as defined by Massachusetts General Laws (M.G.L.) Chapter 175, sec. 118 and 47, which are subject to M.G.L., Ch. 63, sec. 20, and which do any or all of their business in Massachusetts, must complete and file Form 63-20P.

A domestic life insurance company is a company incorporated or formed in the Commonwealth.

All classes of foreign life insurance companies on accident and health business subject to M.G.L., Ch. 63, secs. 23, 24 and 24A must file Form 63-20P.

All foreign life insurance companies subject to M.G.L. Ch. 63, secs. 20, 21 and 24A must file Form 63-20P.

A foreign company is any company organized or formed in any state or country other than Massachusetts.

When Must Form 63-20P Be Filed?

Form 63-20P must be filed on or before the 15th day of the third month after the close of the company's taxable year.

Can an Insurance Company Obtain an Extension of Time to File?

Form 63-20P filers may request a six-month extension of time to file Form 63-20P by submitting Massachusetts Form 355-7004 Misc. on or before the original due date of the return. Any tax due at the time of filing Form 355-7004 Misc. must be paid in full.

Note: An extension of time to file is not valid if the company fails to pay at least 50% of the total tax liability through estimated payments or with Form 355-7004 Misc.

What Are the Penalties for Late Returns?

Insurance excise returns which are not filed on or before the due date are subject to interest and penalty charges. The penalty for failure to pay the total payment due with this form is 1% of the balance due per month (or fraction thereof), up to a maximum of 25% of the tax reported as due on the return. A late payment penalty does not apply to amended returns when the amount shown on the original return was paid.

The penalty for failure to file a return by the due date is 1% of the balance due per month (or fraction thereof), up to a maximum of 25%.

Any tax not paid on or before the due date — without regard to the extension — is subject to interest.

What is a Valid Return?

A valid return is one upon which all required amounts have been entered for all of the appropriate items on the form. Data sheets, account forms, or other documents may be attached to explain these amounts. Referencing items to attachments instead of properly entering all amounts onto the return is **not** sufficient. The return must be signed by either the treasurer or the assistant treasurer of the company.

To be valid, a return must also include the following:

- Schedule T, Exhibit of Premiums Written from the NAIC Annual Statement;
- Annual Statement for the Year 2013 for Direct Business in the State of Massachusetts.

Reproduction of returns must be approved by DOR prior to filing and meet the criteria provided in Technical Information Release 95-8.

Failure to meet any of the requirements detailed in this section may result in a penalty for filing an insufficient return. Such a penalty may be assessed at double the amount of the excise due.

When are Estimated Tax Payments Required?

Any insurance company which reasonably estimates its excise to be in excess of \$1,000 for the taxable year is required to make estimated tax payments to the Commonwealth. Estimated payments must be made in quarterly installments of 40%, 25%, 25% and 10% of the estimated annual tax liability.

Note: New corporations in their first full taxable year with less than 10 employees have different estimated payment percentages — 30%, 25%, 25% and 20% respectively.

Insurance companies that underpay, or fail to pay, their estimated taxes may incur an additional penalty on the amount of the underpayment for the period of the underpayment. Form M-2220, Underpayment of Massachusetts Estimated Tax by Corporations, is used to compute the additional charge.

Any corporation having \$1 million or more of federal taxable income in any of its three preceding taxable years (as defined in Section 6655 (g) of the IRC) may only use its prior year's tax liability to calculate its first quarterly estimated tax payment. Any reduction in the first installment payment that results from using this method must be added to the second installment payment.

A company that claims the exception to the underpayment penalty of equaling the prior year's tax liability **must provide federal tax returns** (front page only) for the three preceding taxable years to verify that federal taxable income is less than \$1 million.

Note: Any insurance company required to file more than one type of excise return must also file separate estimated tax payments since each type of tax is governed by a different section of the Massachusetts General Laws.

For more information on corporate estimated taxes, refer to M.G.L., Chapter 63B.

How Is the Excise Determined?

Domestic life insurance companies are taxed both on life and accident and health premiums written in Massachusetts and on premiums written in other jurisdictions where no tax is paid. Form 63-20P filers must also add in dividends applied to purchase paid-up additions and/or to shorten the premium paying period. The tax rate is 2%, after claiming allowable deductions.

Form 63-20P filers are allowed deductions for dividends to policyholders, including those:

- paid in cash;
- applied in reduction of renewal premiums;
- left to accumulate at interest;
- applied to purchase paid-up additions; or
- applied to shorten the premium paying period.

Deductions are also allowed to Form 63-20P filers for returned premiums (not including cash surrender values) and/or premiums for Company Employees' Group Life and Accident & Health plans, **only** if previously included in line 1 of Part I.

A deduction for preferred provider arrangement premiums is allowed to those companies who have been approved by the Commissioner of Insurance as preferred provider organizations, if those premiums were previously included in line 1 of Part I and reported on Form 63-23P, Premium Excise Return.

Foreign Accident & Health insurance companies are taxed on net direct premiums for insurance of property or interest in Massachusetts.

Foreign life insurance companies are taxed on all new and renewal policies issued during the preceding calendar year if the insured is a resident of Massachusetts at the time the premium was paid.

Federal Audit

If your corporation has undergone a federal audit for some prior year, you must report any changes to Massachusetts on Form CA-6, Application for Abatement/Amended Return. You must report any federal audit changes within three months after the final determination by the IRS of the correct taxable income. Otherwise, you will be subject to a penalty. If the federal change results in less tax due to Massachusetts than was assessed or paid, you may apply for abatement under the federal change rules within one year of the final federal determination. Answering "yes" to this question does not release the corporation from this filing obligation.

Should the Whole Dollar Method be Used?

Yes. All amounts entered on Form 63-20P must be rounded off to the nearest dollar.

What if the Taxpayer Is a Fiscal or Short Year Filer?

File the 2014 return for calendar year 2014 and fiscal years that began in 2014 and ended in 2015. For a fiscal year return, fill in the tax year space at the top of page 1. Short year filers should file using the tax form for the calendar year within which the short year falls. If the short year spans more than one calendar year, the filer should file use the tax form for the calendar year in which the short year began. If the current form is not available at the time the short year filer must file, the filer should follow the rules explained in TIR 11-12.

Line Instructions

Line 1. Enter the amount of premiums subject to tax in Massachusetts (from Part 1, Domestic Life Premium Excise Calculation, line 10). If amount is negative, enter "0."

Line 4. Enter the amount of accident and health premiums subject to tax in Massachusetts from Part 1, Domestic Life Premium Excise Calculation, line 11.

Lines 5 and 13: Credit Recapture. If the corporation is required to recapture any amount of previously claimed Economic Opportunity Area Credit, Low-Income Housing Credit, Life Science Credit and Historic Rehabilitation Credit, complete Schedule H-2 and enter the result in line 5 or 13 of the return. Current year credits can then be used to offset the total excise due which will include the recapture amount.

Line 7. Enter the amount of life premiums subject to tax in Massachusetts from Part 2, Foreign Premium Excise Calculation, line 7. If amount is negative, enter "0."

Lines 8 and 11. Use the back of Form 63-20P to calculate your excise using the same method and rate used by the state in which you are incorporated and would be imposed on a like Massachusetts insurance company, or its agents, if doing business to the same extent. If the computation in the state of your incorporation is in every respect the same as your Massachusetts computation, a statement to that effect should be made. Retaliatory tax provisions are provided under M.G.L. Chapter 63, Section 24A.

Line 10. Enter the amount of total net direct accident and health premiums subject to tax in Massachusetts from Part 2, Foreign Premium Excise Calculation, line 12. If the amount is negative, enter "0."

Line 15: Initiative Credit. A company shall be allowed a credit against the premium tax equal to 1½% (.015) of such company's total capital contribution in excess of their full proportionate share which shall mean an investment in the Massachusetts Life Insurance Company Community Investment Initiative.

This credit is effective for tax years in which the aggregate cumulative investment in the Massachusetts Life Insurance Company Community Investment Initiative reaches 100 million or the tax year 2005, whichever is later.

Line 16. Enter 1½% (.015) of the company's proportionate share of the cost of certain investments in the Massachusetts Capital Resource Company.

Line 17: Credits for Class B assessments paid to Massachusetts Life and Health Insurance Guaranty Association. The taxpayer may take 10% of any class B assessments paid to the Massachusetts Life and Health Insurance Guaranty in the prior five calendar years. For this 2014 return, the taxpayer may take 10% of class B assessments paid in 2009 through 2013.

Line 18: Economic Opportunity Area Credit. Enter the amount of Economic Opportunity Area credit claimed this year from Schedule EOAC. Enclose Schedule EOAC with this return. For more information, contact the Massachusetts Office of Business Development at One Ashburton Place, Room 2101, Boston, MA 02108.

Line 19: Economic Development Incentive Program Credit. Under the provisions of the Economic Development Incentive Program (EDIP) established pursuant to M.G.L. Ch. 23A, the Economic Assistance Coordination Council (EACC) may authorize taxpayers participating in certified projects to claim tax credits under M.G.L. Ch. 62 sec. 6(g) and M.G.L. Ch. 63 sec. 38N. Taxpayers authorized by the EACC to claim tax credits for projects certified on or after January 1, 2010 must use Form EDIP, Refundable Economic Development Incentive Program Credit, to claim such credits. Taxpayers seeking to claim credits for projects certified prior to January 1, 2010 must use Schedule EOAC. See TIR 10-01 for further information.

Line 20: Low-Income Housing Credit. To claim the Low-Income Housing credit, documentation must be enclosed with the return. For further information on this credit, contact the DHCD, Division of Private Housing, at (617) 727-7824.

Line 21: Historic Rehabilitation Credit. Effective for tax years beginning on January 1, 2005 and ending on or before December 31, 2017, taxpayers may be eligible for the Historic Rehabilitation Credit (HRC). To claim this credit, a historic rehabilitation project must be complete and have been certified by the Massachusetts Historical Commission. Unused portions of the credit may be carried forward for a maximum of 5 years. This credit may be transferred or sold to another taxpayer. The HRC is not subject to the 50% limitation rule for corporate taxpayers. If the taxpayer disposes of the property generating the HRC, a portion of the credit may be subject to recapture. For further information, see Regulation 830 CMR63.38.1, Massachusetts Historic Rehabilitation Tax Credit.

Line 22: Film Incentive Credit. For tax years beginning on or after January 1, 2006 and before January 1, 2023, motion picture companies may claim a credit equal to 20% of the total qualifying aggregate payroll for employing persons within the Commonwealth in connection with the filming and production of a motion picture, and a credit equal to 25% of their Massachusetts productions expenses. The credits are transferable. For further information, see TIR 06-1.

Line 23: Medical Device Credit. For tax years beginning on or after January 1, 2006, medical device companies that develop or manufacture medical devices in Massachusetts can claim a credit equal to 100% of the user fees paid to the U. S. Food and Drug Administration. The credit is transferable. For more information, see TIR 06-22.

Line 24: Brownfields Credit. Recent legislation extends the Brownfield credit to nonprofit organizations, extends the time frame for eligibility for the credit, and permits the credit to be bought, sold or assigned. Under prior law, net response and removal costs incurred by a taxpayer between August 1, 1998 and August 5, 2005, were eligible for the credit provided that the taxpayer commenced and diligently pursued an environmental response action before August 5, 2005. As a result of the recent legislation, the environmental response action commencement cut-off date is changed from August 5, 2005 to August 5, 2018, and the time for incurring eligible costs that qualify for the credit is extended to January 1, 2019. For further information, see TIR 06-16.

Line 25: Employer Wellness Program Tax Credit. Effective for tax years beginning on or after January 1, 2013, a Massachusetts business that employs 200 or fewer workers may qualify for a tax credit for up to 25% of the cost of implementing a “certified wellness program” for its employees. A taxpayer seeking to claim the credit must apply to the Department of Public Health (DPH) for certification of its wellness program. DPH will approve a dollar amount of credit for a qualifying taxpayer and issue a certificate number to be provided in connection with filing a tax return in order to claim the credit.

The amount of the credit that may be claimed by a taxpayer cannot exceed \$10,000 in any tax year. DPH has promulgated a regulation, 105 CMR 216.000, entitled Massachusetts Wellness Tax Credit Incentive, which sets forth criteria for authorizing and certifying the credit. The credit is set to expire on December 31, 2017.

Line 24: Life Science Company Investment Tax Credit. For taxable years beginning on or after January 1, 2009, a new Investment Tax Credit (ITC) may be available to taxpayers.

This credit, which is available to certified life sciences companies only to the extent authorized pursuant to the Life Sciences Tax Incentive Program, is equal to 10% of the cost of qualifying property acquired, constructed or erected during the taxable year and used exclusively in the Commonwealth.

The refundable ITC can apply to purchases made on or after January 1, 2009 even if a construction project started before that date. The scope of qualifying property for purposes of the new credit is the same as that provided by the existing ITC under M.G.L. Ch. 63, sec. 31A.

Life sciences companies or persons also qualifying for the Economic Opportunity Area Credit (EOAC) for the same property may only take such EOAC to the extent of an additional 2% of the cost of the qualifying property. Corporations taking these credits are not allowed to take the ITC under M.G.L. Ch. 63, sec. 31A or the Low-Income Housing Credit under M.G.L. Ch. 63, sec. 31H for the same qualifying property.

If a life sciences ITC exceeds the tax otherwise due as applicable, 90% of the balance of such credit may, at the option of the taxpayer and to the extent authorized pursuant to the Life Sciences Tax Incentive Program, be refundable to the taxpayer for the tax year in which the qualified property giving rise to such credit is placed in service. If such refund is elected by the taxpayer, then the carryover provisions for this credit that would otherwise apply shall not be available. For further information, see TIR 08-23.

Life Science Company FDA User Fees Credit. For taxable years beginning on or after January 1, 2009, a new credit may be available to taxpayers for user fees paid on or after June 16, 2008 to the U.S.

Food and Drug Administration (USFDA) upon submission of an application to manufacture a human drug in the Commonwealth.

This credit, which is available to certified life sciences companies only to the extent authorized pursuant to the Life Sciences Tax Incentive Program, is equal to 100% of the user fees actually paid by the taxpayer, as specified in the certification, and may be claimed in the taxable year in which the application for licensure of an establishment to manufacture the drug is approved by the USFDA.

To be eligible for the credit, more than 50% of the research and development costs for the drug must have been incurred in Massachusetts. Taxpayers may use the FDA user fees credit to reduce their tax to zero. To the extent authorized pursuant to the Life Sciences Tax Incentive Program, 90% of the balance of credit remaining is refundable. The deduction otherwise allowable for user fees qualifying for the credit is disallowed. For further information, see TIR 08-23.

Life Sciences Company Research Credit. For taxable years beginning on or after January 1, 2009, a new credit may be available for certified life sciences companies pursuant to the Life Sciences Tax Incentive Program, to provide qualifying companies with a means to obtain a research credit for certain expenditures not qualifying for the existing research credit under c. 63, § 38M. St. 2008, c. 130, §§ 30 and 53, codified at G.L. c. 63, § 38W. Under this new provision, the credit is generally calculated in the same manner as the research credit under section 38M. However, the qualified research expenditures which form the basis for the calculation in new section 38W differ from those of section 38M in that they can qualify when the activities are performed both inside and outside of the Commonwealth, to the extent they relate to legally mandated clinical trial activities. The new life sciences research credit is not refundable. For further information, see TIR 08-23.

Line 26: Certified Housing Development Credit. Effective for tax years beginning on or after January 1, 2011, taxpayers may receive a tax credit of up to ten percent of the costs of qualified substantial rehabilitation expenditures, as defined in G.L. c 40V sec. 1, of the market rate units within certified housing development projects. The credit is administered by the Massachusetts Department of Housing and Community Development. See TIR 10-14 for further information.

Line 27: Voluntary contribution to the Nongame Wildlife Fund. Any corporation that wishes to contribute any amount to the Natural Heritage and Endangered Species Fund may do so on this form. This amount is added to the excise due. It increases the amount of the corporation’s payment or reduces the amount of its refund.

The Natural Heritage and Endangered Species Fund is administered by the Department of Fisheries, Wildlife and Environmental Law Enforcement to provide for conservation programs for rare, endangered and nongame wildlife and plants in the Commonwealth.

Line 32: Pass-through Entity Withholding. Enter the amount of any withholding tax from pass-through entities. Be sure to include the taxpayer identification number of the person or entity submitting the withholding payment on behalf of the taxpayer.

Line 33: Refundable Film Credit. Schedule RFC, Refundable Film Credit, is used by motion picture production companies to elect to claim a refundable film credit if they have not transferred or carried forward a portion of the film credit for the production. Transferees of the film credit do not qualify for the refundable film credit. If an election to refund the film credit for a production is made, the entire film credit remaining after reducing the current year tax liability will be refunded at 90%. The production company is not allowed to partially refund and partially transfer or carryover over any portion of the credit to the next tax year.

Line 34: Refundable Dairy Credit. A taxpayer who holds a certificate of registration as a dairy farmer pursuant to M.G.L. Ch. 94, sec. 16A is allowed a refundable tax credit based on the amount of milk produced and sold. The dairy farmer tax credit as originally enacted was 90% refundable. Under recent legislation, the dairy farmer tax credit is now 100% refundable.

Line 35: Refundable Life Science Credit. There are two different credits which the Massachusetts Life Sciences Center, with the approval of the Secretary of Administration and Finance, may authorize a taxpayer to have refunded in lieu of carrying forward such credit to a future year.

A taxpayer may apply for a refund of 90% of the unused Investment Tax Credit granted under M.G.L. Ch. 63, sec. 38U or the additional credit on the same property that may be granted under M.G.L. Ch. 63, sec. 38N if property for which the 38U credit is granted is used in a certified project.

A taxpayer may apply for a refund of 90% of the unused FDA User Fee Credit granted under M.G.L. Ch. 63, sec. 38M, including credits carried over from prior years. Schedule RLC, Refundable Life Science Credit, is used by taxpayers to claim the refund.

Refundable Life Science Jobs Credit. Effective for tax years beginning on or after January 1, 2011, a new tax incentive has been added to the Life Sciences Tax Incentive Program in the form of a refundable jobs credit. A taxpayer, to the extent authorized by the Life Sciences Tax Incentive Program, may be allowed a refundable jobs credit against the tax liability imposed under G.L. c. 62, the personal income tax, or G.L. c. 63, the corporate excise. A taxpayer claiming a life sciences refundable jobs credit must commit to the creation of a minimum of 50 net new permanent full-time positions in Massachusetts.

The amount of life sciences jobs credit allowed to a taxpayer will be determined by the Massachusetts Life Sciences Center in consultation with the Department of Revenue.

If a life sciences jobs credit claimed by a taxpayer exceeds the tax otherwise due under the personal income tax or the corporate excise, as applicable, 90 percent of the balance of such credit may, to the extent authorized by the life sciences tax incentive program, be refundable to the taxpayer. Excess credit amounts shall not be carried forward to subsequent taxable years.

The refundable jobs credit is subject to all the requirements of G.L. c. 23I, including the requirements set out in TIR 08-23. The total dollar amount of the various life sciences tax incentives, including the refundable jobs credits, for qualifying life sciences companies is subject to an annual cap of \$25 million.

Line 36: Refundable Economic Development Incentive Credit. Under the provisions of the Economic Development Incentive Program (EDIP) established pursuant to M.G.L. Ch. 23A, the Economic Assistance Coordination Council (EACC) may authorize taxpayers participating in certified projects to claim tax credits under M.G.L. Ch. 62 sec. 6(g) and M.G.L. Ch. 63 sec. 38N. Taxpayers authorized by the EACC to claim tax credits for projects certified on or after January 1, 2010 must also submit Form EDIP, Refundable Economic Development Incentive Program Credit, to support the claim for this credit.

Line 37: Refundable Conservation Land Credit. Effective for tax years beginning on or after January 1, 2011, a credit is allowed for qualified donations of certified land to a public or private conservation agency. The credit is equal to 50% of the fair market value of the qual-

ified donation. The amount of the credit that may be claimed by a taxpayer for each qualified donation cannot exceed \$50,000. The credit is refundable but not transferable. The certification process is conducted by the Executive Office of Energy and Environmental Affairs (EEA). EEA has promulgated a regulation, 301 CMR 14.00, entitled Conservation Land Tax Credit, which sets forth criteria for authorizing and certifying the credit. See also, 830 CMR 62.6.4, entitled Conservation Land Tax Credit, promulgated by DOR to explain the calculation of the allowable credit.

Line 41: Refundable Community Investment Credit. A Community Investment Tax Credit is allowed for tax years beginning on or after January 1, 2014 for qualified investments (certain cash contributions made to a community development corporation, community support organization, or a community partnership fund) made on or after January 1, 2014. The Community Investment Tax Credit is equal to 50% of the total qualified investment made by the taxpayer for the taxable year. No credit is allowed to a taxpayer that makes a qualified investment of less than \$1,000. In any one taxable year, the total amount of the credit that may be claimed by a taxpayer that makes qualified investments cannot exceed \$1,000,000. The credit is refundable, or, alternatively, may be carried forward five years. The credit is set to expire December 31, 2019.

Lines 39 through 41: Overpayments and refunds. If line 38 is larger than line 28, enter the amount overpaid in line 39.

The overpayment may be applied in part or in full to 2013 estimated taxes by entering in line 40 the amount to be credited to 2013 estimated tax payments. Enter in line 41 the amount to be refunded.

An overpayment of tax cannot be applied as a credit to the tax of another account of this company or to the tax of another company.

Line 42: Balance due. If line 28 is larger than line 38, enter the balance due in line 42. Payment in full is due on or before March 17, 2014.

Lines 43 and 44: Penalties and interest. Any company that has an underpayment of estimated tax will incur a penalty on the underpayment for the period of the underpayment. Enclose a copy of Form M-2220. For more information, refer to the section, "When Are Estimated Tax Payments Required?"

Any company that fails to file a timely return will be subject to a late filing penalty of 1% per month, (or fraction thereof), and a late payment penalty of 1% per month, (or fraction thereof), on the amount required to be shown as the tax due on the return. For more information, refer to the section, "What Are the Penalties for Late Returns?"

Any company which fails to pay its tax when due will be subject to interest on the unpaid balance.

Line 45: Payment due. Enter the total payment due. Checks for this amount should be made payable to the **Commonwealth of Massachusetts**. Checks should have the company's Federal Identification number written in the lower left corner.

Signature

When the form is complete, it must be signed by the treasurer or assistant treasurer. If you are signing as an authorized delegate of the appropriate corporate officer, check the box in the signature section and attach a Massachusetts Form M-2848, Power of Attorney. Mail forms to: **Massachusetts Department of Revenue, PO Box 7052, Boston, MA 02204.**
