In June 2008, the EEC Board voted to allow the Department to annually update the State Median Income (SMI) level, which is used to determine family income eligibility for EEC financial assistance.

As such, a copy of the new EEC Financial Assistance: Income Eligibility Table, effective July 1, 2013, is attached for Fiscal Year 2014. The eCCIMS and CCIMS applications will also be updated to include the new SMI levels. By annually updating the EEC Income Eligibility Table, EEC adjusts income eligibility thresholds to account for annual cost of living increases.

Please understand that families currently enrolled in early education and care programs through the EEC financial assistance system (e.g., vouchers or contracts) will not be affected by this change until their next reassessment. There is no need to contact families currently in care regarding this SMI adjustment.

The Income Eligibility Table in the EEC Financial Assistance Policy Guide will be updated accordingly. Until the Policy Guide is updated, please use the attached Income Eligibility Table for all eligibility assessments conducted on or after July 1, 2013.
