Early Childhood Mental Health Consultation Grantees
Contact Information & Service Delivery Areas by City and Town

In Massachusetts, Early Childhood Mental Health Consultation (ECMHC) Programs provide consultation services to address and support the social-emotional development and behavioral health of children in early education and care and out-of-school time settings.

The early childhood mental health consultation services offered through the Department of Early Education and Care’s (EEC) Early Childhood Mental Health Consultation Grant are available across the Commonwealth. The six Mental Health Consultation grantees provide consultations services based on the location of the program and family childcare.

Please see the list below for Early Childhood Mental Health Consultation (ECMHC) program that serves your community.
