

# District Analysis & Review Tools (DARTs)

[doe.mass.edu/apal/dart](http://doe.mass.edu/apal/dart)

District Analysis and Review Tools (DARTs) offer snapshots of district and school performance, allowing users to easily make comparisons between similar districts or schools, or to state averages over time. The data elements in each DART tool cover a broad range of information, including data on:

- Student demographics and enrollment
- Assessment results
- Achievement gaps
- Attendance, student discipline, and graduation rates
- District expenditures
