

CLAUDIA'S CANINE CUISINE RECALL

Claudia's Canine Cuisine is voluntarily recalling its **Dogcandy Holiday Hound Cake** and **Blueberry Hound Cake** because of the possibility of mold.

The products in question are sold in a 7.5 ounce paw print bag marked with a best by date of 08-2015. The UPC for the Holiday Hound Cake is 692614010041 and the UPC code for the Blueberry Hound Cake is 692614010058.

These products were specifically manufactured for PETSMART and were distributed to approximately 130 Petsmart stores in 36 states including Massachusetts. Mold was found on several cakes after they were delivered to stores. Under investigation the company discovered that the cakes contained higher moisture content due to the product being packaged while still warm.

Consumers with questions should call Claudia's Canine Cuisine at 501-851-0002.
