DEVAL L. PATRICK
Governor

RICHARD K. SULLIVAN JR.
Secretary

GREGORY C. WATSON
Commissioner

Notice

Pursuant to the provisions of the Rights-of-Way Management Regulations, 333 CMR 11.00, to apply herbicides to control vegetation along rights-of-way, a five year Vegetation Management Plan (VMP) and a Yearly Operational Plan (YOP) must be approved by the Department of Agricultural Resources (DAR). National Grid has submitted VMP that is currently under the review process, therefore, notice of receipt of a YOP and procedures for public review is hereby given as required by Section 11.06 (3).

National Grid has submitted a YOP to DAR for 2014 and National Grid's YOP identifies the following municipalities as locations where they intend to use herbicides to treat their electric Rights-of-Way in 2014:

2014 Municipalities			
Abington	Fitchburg	Lynn	Saugus
Adams	Florida	Lynnfield	Scituate
Amesbury	Gardner	Malden	Sheffield
Andover	Georgetown	Marlborough	Shelburne
Ashburnham	Gill	Melrose	Shirley
Attleboro	Grafton	Merrimac	Shrewsbury
Auburn	Great Barrington	Methuen	Somerset
Ayer	Greenfield	Millbury	Southborough
Barre	Groton	Monroe	Southbridge
Berlin	Groveland	Montague	Spencer
Billerica	Hanover	Newbury	Sterling
Bridgewater	Hanson	Newburyport	Stockbridge
Brockton	Harvard	North Adams	Sturbridge
Brookfield	Haverhill	North Andover	Templeton
Charlton	Heath	Northborough	Tewksbury
Chelmsford	Hingham	Norwell	Tyngsborough
Chelsea	Holden	Oakham	Webster
Clarksburg	Hudson	Oxford	West Boylston
Clinton	Lancaster	Paxton	West Bridgewater
Cohasset	Lawrence	Pepperell	West Newbury
Colrain	Lee	Princeton	Westford
Dracut	Leicester	Revere	Westport
Dudley	Lenox	Rockland	Whitman
Dunstable	Leominster	Rowe	Winchendon
East Bridgewater	Littleton	Royalston	Worcester
Everett	Lowell	Rutland	Wrentham

In 2014 National Grid will conduct a selective herbicide treatment program on their rights-of-way as part of an Integrated Vegetation Management (IVM) program on transmission and distribution lines.

The intended vegetation control programs will be consistent with the guidelines set forth in National Grid's VMP and YOP. Herbicides will be selectively applied to target vegetation by licensed/certified applicators carrying backpack or hand held application equipment.

National Grid will only use herbicides recommended by DAR for use in sensitive areas for their IVM program. Pursuant to 333 CMR 11.04, no herbicides will be sprayed within any designated "no spray sensitive sites." Instead, mechanical only methods will be used to control vegetation in these areas.

Public notification will be provided to each "affected" municipality at least twenty-one days prior to any herbicide application and in a newspaper notification at least 48 hours before the beginning of the spray season.

In accordance with 333 CMR 11.06 (2), National Grid's YOP includes the identification of target vegetation; methods of identifying, marking and protecting sensitive areas; application techniques; the herbicides, application rates, carriers and adjuvants proposed for use; alternative control measures, a list of the application companies and YOP supervisor; procedures for handling, mixing and loading herbicides; emergency resources including local, state and federal emergency telephone numbers; maps of the rights-of-way that include mapped sensitive areas, and herbicide fact sheets and labels.

PUBLIC REVIEW

The DAR seeks to verify the location of sensitive areas defined in Section 11.02 and reported in the YOP. DAR itself has a limited ability to survey the geography, land use and water supplies in all the communities through which rights-of-way pass. Municipalities have most of this information readily available, and the particular knowledge with which to better certify the sensitive areas in their communities. DAR, therefore, requests, and urges the assistance of the "affected" municipalities in reviewing the completeness and accuracy of the maps contained in the submitted YOP.

DAR has established the following procedures for this review:

Copies of the YOP and this *Notice* will be sent by the applicant to the Conservation Commission, Board of Health (or designated health agent), the Head of Government (Mayor, City Manager, Chair of the Board of Selectman) and appropriate water suppliers of each municipality where herbicides are to be applied during the calendar year of 2014; and if applicable, to the Natural Heritage Endangered Species Program of the Massachusetts Department of Fisheries and Wildlife, the Massachusetts Water Resource Authority and the Massachusetts Department of Conservation and Recreation. Municipal agencies and officials will have forty-five days, following receipt of the YOP, to review its map for inaccuracies and omissions in the location of "sensitive areas not readily identifiable in the field."

Municipal agencies and officials are requested to forward the YOP to the appropriate official(s) in their municipality who are qualified to certify the accuracy of the sensitive areas indicated on the maps. The maps should then be "corrected" and returned to the applicant and a copy should be sent to DAR, at the address listed below, within the forty-five day review period.

If a city or town needs more time to carry out this review, it should send a written request for an extension to DAR and cite why there is a "good cause" for requesting additional time.

The applicant is required to make all corrections and the corrected maps will be sent back to the city/town that requested the disputed changes within fifteen days of receipt of the request. DAR will decide whether or not

the YOP should be approved without the requested changes. DAR will consider the "final approval" of a YOP individually for each municipality.

The twenty-one day public review period of the Municipal Notification Letter may serve concurrently with the forty-five day YOP review period in order to provide public notifications as required by 333 CMR 11.06-7, if the applicant has an approved VMP and if all the requisite city-town offices that received copies of the YOP completed their review and all corrections were duly made by the applicant and approved by DAR.

A failure by the city/town to respond to the applicant's submission of the YOP within the forty-five day period will automatically be considered by DAR to indicate agreement by the municipal officials with the sensitive area demarcations provided by the applicant in their YOP.

Any questions or comments on the information provided in this *Notice* and the procedures established for the municipal review outlined above should be addressed to:

Michael McClean
Director of Rights-of-Way Programs
Massachusetts State Pesticide Bureau
251 Causeway Street, Suite 500
Boston, MA 02114-2151

Any questions or comments regarding the YOP should be addressed to:

Dawn Travalini
Lead Vegetation Strategy Specialist
National Grid
40 Sylvan Road
Waltham, MA 02451

COMMENT PERIOD ENDS AT THE CLOSE OF BUSINESS ON January 17, 2014
