Welcome to DCR's Clarksburg State Park

Offering 360 acres of abundant and unpolluted northern hardwood forest with breathtaking views of the Hudson Range, Mount Greylock, and the Green Mountains, Clarksburg is primarily used for fresh water swimming, camping and hiking.

Clarksburg is part of the Massachusetts state park system and is managed by the Massachusetts Department of Conservation and Recreation (DCR), an agency of the Executive Office of Energy and Environmental Affairs. DCR oversees 400,000 acres of parks, forests, beaches, bike trails, wetlands, and dams. Its mission is to protect, preserve, and enhance the state’s natural, cultural, and recreational resources. To learn about DCR and to discover more parks and recreational opportunities within the Massachusetts state parks, visit www.mass.gov/dcr.
