Welcome to DCR’s Cutler Park Reservation

Offering 700 acres of parkland, Cutler Park is a prime spot for birding. The park is primarily used for hiking, mountain biking, fishing, and canoeing. It is a part of the Massachusetts state park system and is managed by the Massachusetts Department of Conservation and Recreation (DCR), an agency of the Executive Office of Energy and Environmental Affairs. DCR oversees 2.5 million acres of parks, forests, beaches, bike trails, wetlands, and lakes. It is a park to protect, preserve, and enhance the state’s natural, cultural, and recreational resources. To learn more about DCR and to discover more parks and recreational opportunities within the Massachusetts state parks, visit www.mass.gov/dcr.
