Welcome to DCR's Leominster State Forest

Offering a very popular fresh water lake and beach, Leominster offers over 4,200 acres primarily used for swimming, fishing, walking and mountain biking. Leominster is part of the Massachusetts state park system and is managed by the Massachusetts Department of Conservation and Recreation (DCR), an agency of the Executive Office of Energy and Environmental Affairs.

DCR oversees 450,000 acres of parks, forests, beaches, bike trails, waterfronts, and dams. Its mission is to protect, promote, and enhance the state's natural, cultural, and recreational resources. To learn about DCR and to discover more parks and recreational opportunities within the Massachusetts state parks, visit www.mass.gov/dcr. For Leominster, visit www.mass.gov/dcr/parksrecreation/lfeest.htm
