Welcome to DCR's Wells State Park

Conveniently located in the center of the state with beach access to the pristine Walker Pond, Wells offers over 1,470 acres of scenic property used for camping, hiking, biking, andpicnicking.

It is part of the Massachusetts state park system and is managed by the Massachusetts Department of Conservation and Recreation (DCR), an agency of the Executive Office of Energy and Environmental Affairs.

DCR oversees 45,000 acres of parks, forests, beaches, bike trails, waterways, and dams. Its mission is to protect, preserve, and enhance the state's natural, cultural, and recreational resources. To learn about DCR and to discover state parks and recreational opportunities within the Massachusetts state parks, visit www.mass.gov/dcr.

Designated with a heart symbol, Healthy Heart Trails are pathways on trails used for walking or jogging. They are easy to moderate in difficulty level and intended for routine use to help build a healthy heart.
