

# Mustangs of the Fells

**Fostering a new generation of environmental stewards**

Exposure – Experiential Learning – Exercise – Enrichment –  
Environmental Awareness--Empowerment--Engagement

# Community Conservation Education Partnership

The *Community Conservation Education Partnership* (CCEP) between Medford High School, Eagle Eye Institute, Friends of the Middlesex Fells Reservation, Tufts University, MA Department of Conservation Recreation, USDA Forest Service and US Environmental Protection Agency will connect the entire Medford High School community (students, teachers and parents alike) to the Middlesex Fells Reservation. Through innovative in-school and after-school outdoor education, field research, and enrichment activities, the CCEP will reduce nature-deficit, beautify the school, and increase appreciation, respect and stewardship of nature. Moving beyond the annual Earth Day Events, the CCEP aims to make hands-on outdoor education an integral part of the DNA of Medford High School.

Exposure

# Experiential Learning

- **Experiential learning** is the process of **learning** through experience, and is more specifically **defined** as "**learning** through reflection on doing".

"The only source of knowledge is experience." ~ Albert
