Introduction and Directions for Completing the Asbestos in Distribution System Exemption Form

Introduction:
All Community (COM) and Non-Transient-Non-Community (NTNC) systems are required to sample for asbestos in their distribution system once at the beginning of each 9-year compliance cycle, unless they have submitted to MassDEP an Asbestos in Distribution System Exemption Form. Many COM and NTNC suppliers submitted an exemption form to MassDEP when they were first made available at the beginning of the 1993-2001 compliance cycle. The exemption form has been updated (below) and may be submitted by suppliers that have not previously submitted an Asbestos in Distribution System Exemption Form and who are able to certify that their distribution system does not contain any asbestos-cement pipe and/or asbestos-cement vinyl lined pipe. If you are uncertain whether an exemption form has been submitted for your distribution system, you may either contact the Boston office or your regional office; or you can submit the completed form (provided that you are able to make the certification).

Directions for Completing Form:
1. Complete and return this form only if your system does not have asbestos-cement pipe and/or asbestos-cement vinyl lined pipe in the distribution system.

2. Include your public water system identification number (PWS ID# consisting of 7 digits) on the form.

3. Sign the certification statement in Section A of the Asbestos in Distribution System Exemption Form. Remember to keep a copy for your own files.

4. Section B, item 4: If the primary Certified Drinking Water Operator for your distribution system is not the same person as the primary Certified Operator for your treatment system, then enter the name and phone number for your primary distribution system operator.

5. Mail the original signed form plus one signed copy to:
   MassDEP/DWP
   Waiver Coordinator
   One Winter Street, 5th Floor
   Boston, Massachusetts 02108

Directions for Completing the Electronic Version of the Form
1. The form requires an IBM compatible computer and Microsoft Word97 or more recent version. If you do not have an IBM compatible computer and Microsoft Word97 or higher, please use the paper version of the form or the PDF version of the form on DEP’s web site. Both the electronic version of the form and the PDF version of the form can be downloaded at http://www.mass.gov/dep/water/approvals/dwsforms.htm#waivers.

2. Improve the look of the form by ensuring the gridlines in Microsoft Word are turned off. To turn off the gridlines, open Word, go to the Table menu, and click on Hide Gridlines.

3. To navigate through the form or move from question to question:
   Forward: Use the tab key or the right arrow key.
   Backward: Hold down the shift key and the tab key at the same time or use the back arrow key.
   Reposition: Use the mouse to point and click. If the enter key is pressed, you will need to press the backspace key to return to the visible field you were typing in.
