

Atlantic Weatherization

61R Jefferson Avenue Salem, MA 01970 • (978) 744-8143

October 28, 2013

Ms. Lauren Farrell:

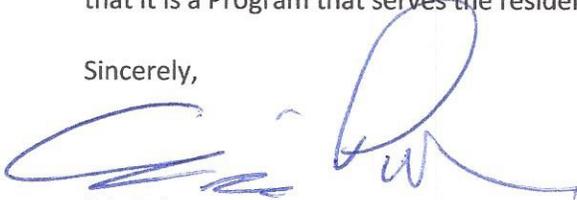

As a long-time contractor of the Mass Save Program, as well as an independent weatherization Contractor, I am writing to commend the Program.

Atlantic Weatherization has worked within the Mass Save Program since its inception, and I can assure you that the Program has both promoted energy efficiency and encouraged business development and job development throughout the Commonwealth.

We can attest to this through the growth of our company over the past twenty years and through the increase in the number of contractors that work within the Program. In addition, we have received many letters from our customers stating their satisfaction with the Program and their satisfaction with the energy savings they have realized due to the weatherization measures we installed at their homes.

As a weatherization contractor, we are very happy with the Mass Save Program and believe strongly that it is a Program that serves the residents of the Commonwealth well.

Sincerely,

Eric Palm
Atlantic Weatherization
