

Join Plug In America and the Commonwealth of Massachusetts for a free webinar on Workplace Charging

[Please register for Workplace Charging: Massachusetts on Jun 27, 2016 12:00 PM EDT](#)

Massachusetts is a leader in transportation electrification. As part of these ongoing efforts, we recognize the vital role and convenient opportunity workplace charging (“WPC”) presents to its commuting citizens.

Plug In America has designed a Workplace Charging Guide to educate employers of all sizes in the Commonwealth about the benefits of providing charging stations and the critical issues they need to be aware of when creating a roadmap for a workplace charging program.

By using this Guide and tuning in to this Webinar, companies will feel confident knowing they have the proper decision making framework in place.

Join Plug In America, private industry leaders, and prominent state agency staff for real world discussion about creating a successful workplace charging program without hype or hyperbole.

Who should attend this webinar?

- Building Facilities Managers
- Human Resources Staff
- Corporate Sustainability Directors
- Green Team Members
- EV Drivers seeking to convince their employers to provide charging
- All levels of management

Topics include:
