

## State-Supplied Adult Vaccine Availability Table -- Effective April 1, 2015 --

### Eligibility:

- MDPH **does not** provide vaccines for adults seen at private provider sites. The only exception to this is tetanus-diphtheria (Td) vaccine, which MDPH continues to provide for all Massachusetts residents, regardless of where they receive care.
- Except where otherwise noted, MDPH provides a very limited supply of vaccines listed below only for adults who are uninsured and seen in public sector sites.<sup>1</sup>  
***Employees of public sector sites are not eligible for state-supplied vaccine.***
- Sites with billing capacity should purchase vaccine and seek reimbursement from health insurers.

*(Please note that all new changes appear in bold and italics.)*

Private and Public Sectors	
Vaccine	Adults (19 years of age and older) Eligible for State-Supplied Vaccine Administered in the Private and Public Sectors
Td	<ul style="list-style-type: none"> <li>• All adults as recommended by the ACIP.</li> </ul>
Public Sector <sup>1</sup>	
Vaccine	Adults Eligible for State-Supplied Vaccine Administered in the Public Sector
Hep A	<ul style="list-style-type: none"> <li>• <b><i>Only for uninsured</i></b> adults in ACIP-recommended groups<sup>2</sup> seen at public sites.<sup>1</sup></li> </ul>
Hep B	<ul style="list-style-type: none"> <li>• <b><i>Only for uninsured</i></b> adults in ACIP-recommended groups<sup>2</sup> seen at public sites.<sup>1</sup></li> </ul> <p><u>Please Note:</u> Employers covered by federal OSHA regulations are responsible for supplying hepatitis B vaccine to their employees. State-supplied vaccine is <b>not</b> available for this group.</p>
Influenza Vaccine	<ul style="list-style-type: none"> <li>• <b><i>Only for uninsured</i></b> adults who are seen at public sites.<sup>1</sup></li> </ul>
