**TOTAL POPULATION
NATURAL & ADJUSTED**

4,049,549

* - Members of the Massachusetts Water Resources Authority (MWRA) fluoridated in 1978 (old MDC)

** - Naturally fluoridated at .7 or higher ppm.

*** - Public water system which began receiving fluoridated water in two different years

(part) - Communities partially fluoridated. Check with local water department/board of health

(FL) - Fluoridating prior to MDC.

E - Estimated population served.
