**RE: EasCare, LLC, Special Project Waiver Request for Out-of-Hospital Paramedic Care,
ADDENDUM to Special Project Approval letter dated September 15, 2014**

Dear Mr. Gilpin:

The Department of Public Health, Office of Emergency Medical Services ("Department"), has reviewed and approved EasCare's protocols governing the conditions and functions authorized in paragraph 15 of the above-referenced Special Project Approval. In addition, the Department is in receipt of Gregory Davis' email of October 7, and Michael Bergan's email of October 10, 2014, confirming that EasCare has notified all relevant primary ambulance services of the special project. In accordance with paragraph 2 of the Special Project Approval, the Department's approval is effective as of the date of this letter and shall remain in effect for one (1) year.

Additionally, the Department has reviewed the protocol governing the proposed function of "Management of do not resuscitate" and the recommendations made by the Medical Services Committee at its October 10, 2014 meeting. After further consideration, the Department amends paragraph 15 of the attached Special Project Approval to add the following authorized function: (h) Management of do not resuscitate.

Very truly yours,

Deborah Allwes, BS, BSN, MPH
Director, Bureau of Health Care Safety and Quality
