(1) Nursing Facility Payments are prospective rates based on reported costs for a prior Base Year. The Base Year for the standard payments effective February 1, 2013, is 2005. Nursing Facility Payments include the Nursing Standard Payments and Other Operating Cost Standard Payment established in 101 CMR 206.04 and the Capital Payment established in 101 CMR 206.05. Payments may be adjusted to include additional payments in accordance with 101 CMR 206.06 and 206.07.

(2) Ancillary Costs. Unless a Provider participates in the Ancillary Pilot Program with the MassHealth agency, or a Provider’s payments include Ancillary Services pursuant to the regulations or written policy of the purchasing agency, the Provider must bill Ancillary Services directly to the purchaser in accordance with the purchaser’s regulations or policies.

206.05 Capital

(1) Allowable Basis of Fixed Assets and Capital Cost
   (a) Allowable Basis of Fixed Assets.
      2. Allowable Basis. The Allowable Basis is the lower of the Provider’s actual construction cost or the Maximum Capital Expenditure approved for each category of assets by the Massachusetts Public Health Council and used for Nursing Facility services. EOHHS will classify depreciable land improvements such as parking lot construction, on-site septic systems, on-site water and sewer lines, walls, and reasonable and necessary landscaping costs as Building cost.
      3. Allowable Additions. EOHHS will recognize Fixed Asset Additions made by the Provider if the Additions are related to the care of publicly-assisted Residents. If Additions relate to a capital project for which the Department has established a Maximum Capital Expenditure, the allowable amount will be limited to the amount approved by the Department. EOHHS will not recognize Fixed Asset Additions made or Equipment Rental expense incurred within 12 months after a DON project becomes operational.
      4. Change of Ownership. If there is a Change of Ownership, the Allowable Basis will be determined as follows:
         a. Land. The Allowable Basis is the lower of the acquisition cost or the seller’s Allowable Basis.
         b. Building. The Allowable Basis is the lower of the acquisition cost or the seller’s allowable basis, reduced by the amount of actual depreciation allowed in the Medicaid rates for the years 1968 through June 30, 1976, and 1993 forward.
         c. Improvements. The Allowable Basis is the lower of the acquisition cost or the seller’s allowable basis, reduced by the amount of actual depreciation allowed in the MassHealth rates.
         d. Equipment. The Allowable Basis is the lower of the acquisition cost or the seller’s allowable basis, reduced by the amount of actual depreciation allowed in the MassHealth rates.
         e. Upon transfer, the seller’s allowable Building Improvements will become part of the new owner’s Allowable Basis of Building.
         f. If EOHHS cannot determine the amount of actual depreciation allowed in a prior year from its records, EOHHS will determine the amount using the best available information including, among other things, documentation submitted by the Provider.
         a. Non-Payment of Acquisition Cost. EOHHS will reduce Allowable Basis if the Provider does not pay all or part of the acquisition cost of a reimbursable fixed asset or if there is a forgiveness, discharge, or other non-payment of all or part of a loan used to acquire or construct a
reimbursable fixed asset. EOHHS will reduce the basis to the extent that the basis was derived from the acquisition or construction cost of the fixed asset.

b. Repossession by Transferor. EOHHS will recalculate Allowable Basis if a transferor repossesses a facility to satisfy the transferee’s purchase obligations; becomes an owner or receives an interest in the transferee's facility or company; or acquires control of a facility. The Allowable Basis will not exceed the transferor's original allowable basis under EOHHS regulations applicable at the date of Change of Ownership, increased by any allowable capital Improvements made by the transferee since acquisition, and reduced by depreciation since acquisition.

(b) Capital Costs. EOHHS will calculate the Provider’s Capital Costs including depreciation, Financing Contribution, and Other Capital Costs as defined below.

1. Depreciation. EOHHS will allow depreciation on Buildings, Improvements, and Equipment based on the Allowable Basis of Fixed Assets as of December 31, 2005. Depreciation of Buildings, Improvements, and Equipment will be allowed based on generally accepted accounting principles using the Allowable Basis of Fixed Assets, the straight line method, and the following useful lives:

<table>
<thead>
<tr>
<th>LIFE</th>
<th>YEARS</th>
<th>RATE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Buildings and Additions</td>
<td>40</td>
<td>2.5%</td>
</tr>
<tr>
<td>Improvements (including septic systems and freestanding waste-water treatment systems)</td>
<td>20</td>
<td>5%</td>
</tr>
<tr>
<td>Equipment, Furniture and Fixtures</td>
<td>10</td>
<td>10%</td>
</tr>
<tr>
<td>Software</td>
<td>3</td>
<td>33.3%</td>
</tr>
</tbody>
</table>

2. Financing Contribution. EOHHS will calculate a Financing Contribution by multiplying 7.625% by the Allowable Net Book Value as of December 31, 2005. The Allowable Net Book Value is the allowable basis less all accumulated depreciation calculated for the period through December 31, 2005, except allowed Building depreciation expense that occurred between January 1, 1983, and December 31, 1992.

3. Rent and Leasehold Expense. EOHHS will allow reasonable rental and leasehold expenses for Land, Building and Equipment at the lower of: average rental or ownership costs of comparable Providers, or the reasonable and necessary costs of the Provider and lessor including interest, depreciation, real property taxes and property insurance. EOHHS will not allow rent and leasehold expense unless a Realty Company Cost Report is filed.

5. 2005 Capital Cost Per Day. EOHHS will calculate the Provider’s 2005 Capital Cost per day by dividing 2005 Capital Costs by the greater of: (a) 96% or (b) the Actual Utilization Rate times the Constructed Bed Capacity times 366.
101 CMR 206.00: STANDARD PAYMENTS TO NURSING FACILITIES

(2) **Capital Payment.**

(a) EOHHS will include capital payments listed in 101 CMR 206.05(2)(d) for the following facilities:

(b) New Facilities and Licensed Beds that become operational on or after February 1, 1998, and are:

1. New or Replacement Facilities constructed pursuant to a Determination of Need approved after March 7, 1996;
2. New Facilities constructed in Urban Underbedded areas exempt from the Determination of Need process;
3. New beds licensed pursuant to a Determination of Need approved after March 7, 1996;
4. New beds in twelve-bed expansion projects not associated with an approved Determination of Need project; and
5. Beds acquired from another Facility that are not subject to a Determination of Need, to the extent that the additional beds increase the Facility's licensed bed capacity.

(c) Private Nursing Facilities that sign a Provider Agreement with EOHHS after October 1, 2008.

(d) The capital payment will be as follows:

<table>
<thead>
<tr>
<th>Date that New Facilities and Licensed Beds Became Operational</th>

</tr>
</thead>
<tbody>
<tr>
<td>February 1, 1998 – December 31, 2000</td>

<td>$27.30</td>
</tr>
<tr>
<td>August 1, 2008 - Forward</td>
<td>$28.06</td>
</tr>
</tbody>
</table>

(3) **Capital Payment – Other Facilities.** For all other facilities, the Capital Payment is based on the facility’s Capital Costs, including allowable depreciation, Financing Contribution, and Other Fixed Costs.

(a) If a facility’s capital payment effective July 31, 2007, is less than $17.29, its capital payment will be the greater of its July 31, 2007, capital payment or the payment determined as follows:

(c) If a Provider relicensed beds that were out of service during the rate period, its Capital Payment will be the lower of (1) the capital payment rate established under 101 CMR 206.05(2)(c) or (2) the facility’s most recent capital payment rates.

(d) If the Provider’s Capital Payment is based on a Determination of Need approved prior to March 7, 1996, and the Provider receives a temporary Capital Payment in accordance with 101 CMR 206.05(4)(b)(3), then EOHHS will revise the Provider’s Capital Payment in accordance with 101 CMR 206.05(4)(b)(4).

   c. copies of invoices and cancelled checks for construction costs;
   d. a copy of the Department’s licensure notification associated with the new beds;
   e. a copy of the mortgage; and
   f. a hard copy and electronic version of the calculation of the requested increase, in a format specified by EOHHS.

3. EOHHS will process a maximum of three notifications for an approved Determination of Need Maximum Capital Expenditure. EOHHS will process an initial notification request only if the provider has expended at least 50% of the Determination of Need Maximum Capital Expenditure. EOHHS will process two additional notification requests equal to at least 25% of the Determination of Need Maximum Capital Expenditure.

4. EOHHS will certify a temporary Capital Payment of $28.06 upon receipt of the notification of the change in beds, rate adjustment request, and required supporting documentation.

(f) Retroactive Adjustments. EOHHS may retroactively adjust capital payments if it learns there was a material error in the rate calculation or if the Provider made a material error in the cost report.

206.06 Other Payment Provisions

(1) Annualization Adjustment. Nursing Facilities will receive an additional, one-time adjustment to annualize rate increases. The adjustment amount is equal to the annualization adjustment in the facility's rates effective August 31, 2009.

(2) Certification of Public Expenditures of a Nursing Facility owned and operated by a municipality.
   (a) Within 60 days after the filing of its Medicare CMS-2540 cost report, a Nursing Facility, which is owned and operated by a municipality, may submit a request for Certified Public Expenditures (CPE) to EOHHS. This CPE will account for its public expenditures of providing Medicaid services to eligible Medicaid recipients. The submission shall be based on the inpatient routine service cost reported on the CMS-2540 Medicare cost report.

   (b) Following review of the Nursing Facility’s submission, EOHHS will, within 60 days of the submission, approve, deny, or revise the amount of the CPE request based upon its evaluation of the reported costs and payments. The final approved amount will be equal to the difference between the Medicaid interim payments and the total allowable Medicaid costs as determined by EOHHS. This final determined amount will be certified by the municipality as eligible for
(c) Interim Payments are based on the standard payment methodology pursuant to 101 CMR 206.00.

(d) The EOHHS will determine Total Allowable Medicaid costs based on the Medicare CMS -2540 Cost Report and will determine a per diem rate calculated as follows:

1. **Medicaid Allowable Skilled Nursing Facility Costs.** Total allowable costs (worksheet B, Part I, Line 16, Col 18), divided by total days (Worksheet S-3, Line 1, Col 7), times Medicaid days (worksheet S-3, Line 1, Col 5).

2. **Medicaid Allowable Nursing Facility Costs.** Total allowable costs (worksheet B, Part I, Line 18, Col 18), divided by total days (Worksheet S-3, Line 3, Col 7), times Medicaid days (Worksheet S-3, Line 3, Col 5).

3. **Total Allowable Medicaid Costs.** The sum of the amount determined in 101 CMR 206.06(2)(d)1 and 101 CMR 206.06(2)(d)(2).

(e) The EOHHS will calculate an interim reconciliation based on the difference between the interim payments and total allowable Medicaid costs from the as-filed CMS - 2540 Cost Report. The Nursing Facility must notify EOHHS immediately if the CMS-2540 is reopened or an audit is completed. Within 60 days after receiving notification of the final Medicare settlement EOHHS will retroactively adjust the final settlement amount.

(3) **Department of Developmental Services (DDS) Requirements.** Eligible nursing facilities will receive a one-time allowance to establish and maintain clinical and administrative procedures in a manner that complements DDS interdisciplinary service planning activities under the “Active Treatment Policy" for Nursing Facility residents with mental retardation and developmental disabilities, which was issued by EOHHS in December, 2002.

(a) **Eligibility.** Eligible Nursing Facilities are identified by DDS as Nursing Facility providers of care to residents with mental retardation or development disabilities as of July 25, 2003.

(b) **Calculation of Allowance.** For each eligible Nursing Facility identified by DDS, the number of residents identified by DDS as having mental retardation or developmental disabilities and communicated to EOHHS as of June 14, 2007, times $3.00, times 366 days, will equal the total allowance amount. To calculate a per day amount to be included in the payment rates, EOHHS will divide the allowance amount calculated above by the product of items 1 through 3 below:

1. current licensed bed capacity for the rate period, times 366,
2. reported 2005 Actual Utilization percentage, times
3. reported 2005 Medicaid Utilization percentage.

(c) If DDS notifies EOHHS that a Nursing Facility has failed to comply with its requirements or failed to cooperate with the planning activities under the Active Treatment Policy, EOHHS may deem the Nursing Facility to be ineligible for this adjustment and rescind this allowance for a provider.

(4) Kosher Food Services. Nursing Facilities with kosher kitchen and food service operations may receive an add-on of up to $5 per day to reflect the additional costs of these operations.

(a) Eligibility. To be eligible for this add-on, the Nursing Facility must:
   1. maintain a fully kosher kitchen and food service operation that is, at least annually, rabbinically approved or certified; and in accordance with all applicable requirements of law related to kosher food and food products, including but not limited to, M.G.L. c. 94, §156;
   2. provide to the Center a written certification from a certifying authority, including the complete name, address and phone number of the certifying authority, that the applicant’s Nursing Facility maintains a fully kosher kitchen and food service operation in accordance with Jewish religious standards. For purpose of this paragraph, the phrase "certifying authority" shall mean a recognized Kosher certifying organization or rabbi who has received Orthodox rabbinical ordination and is educated in matters of Orthodox Jewish law;
   3. provide a written certification from the Administrator of the Nursing Facility that the percentage of the Nursing Facility’s residents requesting kosher foods or products prepared in accordance with Jewish religious dietary requirements is at least fifty percent (50%); and
   4. upon request, provide the Center with documentation of expenses related to the provision of kosher food services, including but not limited to, invoices and payroll records.

(b) Payment Amounts. To determine the add-on amount, EOHHS will
   1. determine the statewide median dietary expense per day for all facilities. The add-on equals the difference between the eligible Nursing Facility’s dietary expense per day and the statewide median dietary expense per day, not to exceed $5 per day. In calculating the per day amount, EOHHS will include allowable expenses for dietary and dietician salaries, payroll taxes and related benefits, food, dietary purchased service expense, dietician purchased service expense, and dietary supplies and expenses. The days used in the denominator of the calculation will be the higher of the Nursing Facility’s actual days or 96% of available bed days.
   2. EOHHS will compare the sum of the add-on amounts multiplied by each Nursing Facility’s projected annual rate period Medicaid days to the state appropriation. In the event that the sum exceeds the state appropriation, each Nursing Facility’s add-on shall be proportionally adjusted.

(5) Large Medicaid Provider Payment. Subject to available funding, a Nursing Facility will be eligible for a Large Medicaid Provider Payment as follows.

(a) Eligibility. A Nursing Facility will be eligible for the payment if:
   1. the Nursing Facility had at least 188 licensed beds in 2002;
   2. the Nursing Facility's 2002 Medical days divided by total patient days, as reported in its 2002 HCF-1, was equal to or greater than 70%; and
101 CMR: EXECUTIVE OFFICE OF HEALTH AND HUMAN SERVICES

101 CMR 206.00: STANDARD PAYMENTS TO NURSING FACILITIES

3. the Nursing Facility received a score of at least 123 on the Department’s Nursing Facility Survey Performance Tool as received by EOHHS on March 25, 2005.

(b) Calculation of Supplemental Payment. EOHHS will calculate the amount of the supplemental payment received by each eligible Nursing Facility as follows:
   1. EOHHS will divide the number of reported 2002 Medicaid days for each eligible Nursing Facility by the total number of Medicaid days in all eligible facilities.
   2. EOHHS will multiply the resulting percentage by the amount of the surplus.
   3. EOHHS will divide the amount calculated above by the product of:
      a. current licensed bed capacity for the rate period, times 365, times
      b. reported 2002 Actual Utilization, times
      c. reported 2002 Medicaid Utilization.
   4. This amount will be included as an add-on to each Provider’s rate.

(6) Leaves of Absence. If a purchasing agency pays for leaves of absence, the payment rate for a leave of absence day is $80.10 per day, unless otherwise determined by the purchasing agency.

(7) Nursing Cost. Eligible facilities will receive an add-on to reflect the difference between the standard payment amounts and actual Base Year nursing spending. To be eligible for such payment, the Department must certify to EOHHS that over 75% of the Nursing Facility's residents have a primary diagnosis of multiple sclerosis.

(8) Pediatric Nursing Facilities. EOHHS will determine payments to facilities licensed to provide pediatric Nursing Facility services using allowable reported costs for nursing and other operating costs, excluding administration and general costs, from the Nursing Facility's 2006 Cost Report. EOHHS will include an administration and general payment based on 85% of 2005 median statewide administration and general costs. EOHHS will apply an appropriate cost adjustment factor to nursing, other operating, and administration and general costs.

(9) Publicly-Operated Facilities. Subject to available funding, there will be a supplemental payment to certain publicly-operated Nursing Facilities owned and operated by a town, city, or state government entity. The payments will be allocated as follows:
   (a) EOHHS will divide the number of reported 2002 Medicaid days for each eligible Nursing Facility by the total number of Medicaid days in all eligible facilities.
   (b) EOHHS will multiply the resulting percentage by the sum of total supplemental payments.
   (c) EOHHS will divide the amount calculated above by the product of:
      1. current licensed bed capacity for the rate period, times 365, times
      2. reported 2002 Actual Utilization, times
      3. reported 2002 Medicaid Utilization.
101 CMR: EXECUTIVE OFFICE OF HEALTH AND HUMAN SERVICES

101 CMR 206.00: STANDARD PAYMENTS TO NURSING FACILITIES

(d) This amount will be included as an add-on to each Provider’s rate.

(10) Receiverships. EOHHS may adjust the rate of a receiver appointed under M.G.L. c. 111, § 72N solely to reflect the reasonable costs, as determined by EOHHS and the MassHealth agency, associated with the court-approved closure of the Nursing Facility.

(11) Residential Care Beds. The total payment Nursing and Other Operating costs for Residential Care Beds in a dually-licensed Nursing Facility is $76.60.

(12) State-operated Nursing Facilities. A Nursing Facility operated by the Commonwealth will be paid at the Nursing Facility’s reasonable cost of providing covered Medicaid services to eligible Medicaid recipients.

(a) EOHHS will establish an Interim per diem rate using a base year CMS-2540 cost report inflated to the rate year using the cost adjustment factor calculated pursuant to 114.6 CMR 6.06(12) (b) and a final rate using the final rate year CMS-2540 cost report.

(b) EOHHS will determine a cost adjustment factor using a composite index using price level data from the CMS Nursing Home without capital forecast, and regional health care consumer price indices, and the Massachusetts-specific consumer price index (CPI), optimistic forecast. EOHHS will use the Massachusetts CPI as proxy for wages and salaries.

(c) EOHHS may retroactively adjust the final settled amount when the Medicare CMS-2540 cost report is re-opened or for audit adjustments.

(13) User Fee. Nursing Facility payments will include an add-on for the Medicaid portion of the Nursing Facility user fee assessment under 114.5 CMR 12.00. The add-on will be based on the Nursing Facility Class established pursuant to 114.5 CMR 12.04.

(a) Except for the period from February 1, 2013, through June 30, 2013, Nursing Facility payments will include a User Fee add-on as listed below:

(d) EOHHS may recertify a prior period rate to exclude the add-ons described in 101 CMR 206.06(13)(a)-(c) if the Nursing Facility fails to incur the cost of the Nursing Facility user fee assessment within 120 days of the assessment due date.

(e) EOHHS may adjust the add-on amount to reflect a change in the amount of the Nursing Facility user fee assessment under 114.5 CMR 12.04.

206.07 Nursing Facility Pay for Performance Incentive Payments.

(1) General. Subject to the MassHealth agency’s determination of the availability of funds, Nursing Facilities may receive incentive payments through the Nursing Facility Pay for Performance (P4P) Program as designed by MassHealth, subject to the following criteria.

206.08 Reporting Requirements

(1) Required Cost Reports
   (a) Nursing Facility Cost Report. Each Provider must complete and file Nursing Facility Cost Report each calendar year with the Center. The Nursing Facility Cost Report must contain the complete financial condition of the Provider, including all applicable
management company, central office, and real estate expenses. If a Provider has closed on or before November 30, the Provider is not required to file an HCF-1 report.  
(b) **Realty Company Cost Report.** A Provider that does not own the real property of the Nursing Facility and pays rent to an affiliated or non-affiliated realty trust or other business entity must file or cause to be filed a Realty Company Cost Report with the Center.  
(c) **Management Company Cost Report.** A Provider must file a separate Management Company Cost Report with the Center for each entity for which it reports management or central office expenses related to the care of Massachusetts publicly-aided residents. If the Provider identifies such costs, the Provider must certify that costs are reasonable and necessary for the care of Publicly-Aided Residents in Massachusetts.  
(d) **Financial Statements.** If a Provider or its parent organization is required or elects to obtain independent audited financial statements for purposes other than 101 CMR 206.00, the Provider must file a complete copy of its audited Financial Statements with the Center, that most closely correspond to the Provider’s Nursing Facility Cost Report fiscal period. If the Provider or its parent organization does not obtain audited Financial Statements but is required or elects to obtain reviewed or compiled Financial Statements for purposes other than 101 CMR 206.00, the Provider must file with the Center a complete copy of its Financial Statements that most closely correspond to the Nursing Facility Cost Report fiscal period. Financial Statements must accompany the provider’s Nursing Facility Cost Report filing. Nothing in this section shall be construed as an additional requirement that nursing homes complete audited, reviewed, or compiled Financial Statements solely to comply with the Center’s reporting requirements.  
(e) **Clinical Data.** EOHHS may require Providers to submit patient level data for the purpose of measuring clinical performance in a format specified by EOHHS. EOHHS may designate required data, data specifications and other data collection requirements by Administrative Bulletin.  
(f) **CMS-2540 Reports.** State operated Nursing Facilities that meet the definition in 42 CFR 443.50(a)(1) must file a CMS-2540 report with the Center annually. The State operated Nursing Facility must report the final disposition made by the Medicare intermediary.  

(2) General Cost Reporting Requirements  
(a) **Accrual Method.** Providers must complete all required reports using the accrual method of accounting.  
(b) **Documentation of Reported Costs.** Providers must maintain accurate, detailed and original financial records to substantiate reported costs for a period of at least five years following the submission of required reports or until the final resolution of any appeal of a rate for the period covered by the report, whichever is later. Providers must maintain complete documentation of all of the financial transactions and census activity of the Provider and affiliated entities including, but not limited to, the books, invoices, bank statements, canceled checks, payroll records, governmental filings, and any other records necessary to document the Provider’s reported costs. Providers must be able to document expenses relating to affiliated entities for which it has identified costs related to the care of Massachusetts publicly-aided residents whether or not they are Related Parties.  
(c) **Fixed Asset Ledger.** Providers must maintain a fixed asset ledger that clearly identifies each asset for which expenses are reported, including location, date of purchase, cost,
salvage value, accumulated depreciation, and the disposition of sold, lost or fully depreciated assets.

(d) Job Descriptions and Time Records. Providers and management companies must maintain written job descriptions including qualifications, duties, responsibilities, and time records such as time cards for all positions that the Provider identifies as related to the care of Massachusetts publicly-aided residents. Facilities organized as sole proprietors or partnerships in which the sole proprietor or partner functions as administrator with no reported administrator salary or benefits must maintain documentation to support the provision of administrator services by the sole proprietor or partner.

(e) Indirect Restorative Therapy Services Record. Providers must maintain a record of indirect restorative therapy services documented by a written summary available for inspection in the Nursing Facility as required by the Department of Public Health in accordance with 105 CMR 150.010: (F) Records and Reports.

a. All compensation, including payroll taxes and benefits, for the positions of administrator, assistant administrator, administrator-in-training, business manager, secretarial and clerical staff, bookkeeping staff, and all staff or consultants whose duties are primarily administrative rather than directly related to the provision of on-site care to residents or to the on-site physical upkeep of the Nursing Facility;
   
b. Expenses related to tasks performed by persons at a management level above that of an on-site Provider department head, that are associated with monitoring, supervising, and/or directing services provided to residents in a Nursing Facility as well as legal, accounting, financial and managerial services or advice including computer services and payroll processing; and

101 CMR: EXECUTIVE OFFICE OF HEALTH AND HUMAN SERVICES

101 CMR 206.00: STANDARD PAYMENTS TO NURSING FACILITIES

a. **Additions.** If the square footage of the Building is enlarged, Providers must report all additions and renovations as Building Additions.
b. **Allocation.** Providers must allocate all fixed costs, except Equipment, on the basis of square footage. A Provider may elect to specifically identify Equipment related to the Nursing Facility. The Provider must document each piece of Equipment in the fixed asset ledger. If a Provider elects not to identify Equipment, it must allocate Equipment on the basis of square footage.
c. **Replacement of Beds.** If a Provider undertakes construction to replace beds, it must write off the fixed assets that are no longer used to provide care to Publicly-Aided Residents and may not identify associated expenses as related to the care of Massachusetts publicly-aided residents.
d. **Fully Depreciated Assets.** Providers must separately identify fully depreciated assets. Providers must report the costs of fully depreciated assets and related accumulated depreciation on all Cost Reports unless they have removed such costs and accumulated depreciation from the Provider's books and records. Providers must attach a schedule of the cost of the retired Equipment, accumulated depreciation, and the accounting entries on the books and records of the Provider to the Cost Report when Equipment is retired.
e. **Major Repair Projects.** Providers must report all expenditures for major repair projects whose useful life is greater than one year, including, but not limited to, wallpapering and painting as Improvements. Providers may not report such expenditures as prepaid expenses.

5. **Laundry Expense.** Providers must separately identify the expense associated with laundry services for which non-Publicly-Aided Residents are billed. Providers must identify such expense as non-related to Medicaid patient care.

6. **Mortgage Acquisition Costs.** Providers must classify Mortgage Acquisition Costs as Other Assets. Providers may not add Mortgage Acquisition Costs to fixed asset accounts.

7. **Nursing Costs.** The costs must be associated with direct resident care personnel and be required to meet federal and state laws.

8. **Related Parties.** Providers must disclose salary expense paid to a Related Party and must identify all goods and services purchased from a Related Party. If a Provider purchases goods and services from a Related Party, it must disclose the Related Party’s cost of the goods and services.

(g) **Special Cost Reporting Requirements.**

1. **Facilities in which other programs are operated.** If a Provider operates an adult day health program, an assisted living program, or provides outpatient services, the Provider may not identify expenses of such programs as related to the care of Massachusetts publicly-aided Residents.
   a. If the Provider converts a portion of the Provider to another program, the Provider must identify the existing Equipment no longer used in Nursing Facility operations and remove such Equipment from the Nursing Facility records.
b. The Provider must identify the total square footage of the existing Building, the square footage associated with the program, and the Equipment associated with the program.

c. The Provider must allocate all shared costs, including shared capital costs, using a well-documented and generally accepted allocation method. The Provider must directly assign to the program any additional capital expenditures associated with the program.

2. Hospital-Based Nursing Facilities. A Hospital-Based Nursing Facility must file Cost Reports on a fiscal year basis consistent with the fiscal year used in the DHCFP-403 Hospital Cost Report. The Provider must:

a. identify the existing Building and Improvement costs associated with the Nursing Facility. The Provider must allocate such costs on a square footage basis.

b. report major moveable Equipment and fixed Equipment in a manner consistent with the Hospital Cost Report. In addition, the Provider must classify fixed Equipment as either Building Improvements or Equipment in accordance with the definitions contained in 101 CMR 206.02. The Provider may elect to report major moveable and fixed Equipment by one of two methods:

1. A Provider may elect to specifically identify the major moveable and fixed Equipment directly related to the care of Publicly-Aided Residents in the Nursing Facility. The Provider must maintain complete documentation in a fixed asset ledger that clearly identifies each piece of Equipment and its cost, date of purchase, and accumulated depreciation. The Provider must submit this documentation to the Center with its first Notification of Change in Beds.

2. If the Provider elects not to identify specifically each item of major moveable and fixed Equipment, EOHHS will allocate fixed Equipment on a square footage basis.

c. The Provider must report additional capital expenditures directly related to the establishment of the Nursing Facility within the hospital as Additions. EOHHS will allocate capital expenditures that relate to the total plant on a square footage basis.

d. The Provider must use direct costing whenever possible to obtain operating expenses associated with the Nursing Facility. The Provider must allocate all costs shared by the hospital and the Nursing Facility using the statistics specified in the Hospital Cost Report instructions. The Provider must disclose all analysis, allocations and statistics used in preparing the Nursing Facility Cost Report.

(3) General Cost Principles. In order to report a cost as related to Medicaid patient care, a cost must satisfy the following criteria:

(a) The cost must be ordinary, necessary and directly related to the care of Publicly-Aided Residents;

(b) The cost must adhere to the Prudent Buyer Concept;
(c) **Payments to related parties.** Expenses otherwise allowable shall not be included for purposes of determining rates under 101 CMR 206.00 where such expenses are paid to a Related Party unless the Provider identifies any such Related party and expenses attributable to it in the Reports submitted under 101 CMR 206.00 and demonstrates that such expenses do not exceed the lower of the cost to the Related Party or the price of comparable services, facilities or supplies that could be purchased elsewhere. The Center may request either the Provider or the Related Party, or both, to submit information, books and records relating to such expenses for the purpose of determining whether the expenses are allowable.

(d) **Employee Benefits.** Only the provider’s contribution of Generally Available Employee Benefits shall be deemed an allowable cost. Providers may vary Generally Available Employee Benefits by groups of employees at the option of the employer. To qualify as a Generally Available Employee Benefit, the Provider must establish and maintain evidence of its nondiscriminatory nature. Generally Available Employee Benefits shall include but are not limited to group health and life insurance, pension plans, seasonal bonuses, child care, and job related education and staff training. Bonuses related to profit, private occupancy, or directly or indirectly to rates of reimbursement shall not be included for calculation of prospective rates. Benefits which are related to salaries shall be limited to allowable salaries. Benefits, including pensions, related to non-administrative and non-nursing personnel will be part of the other operating cost center. Benefits that are related to the Director of Nurses, including pensions and education, shall be part of the Nursing Cost Center. Providers may accrue expenses for employee benefits such as vacation, sick time, and holidays that employees have earned but have not yet taken, provided that these benefits are both stated in the written policy and are the actual practice of the Provider and that such benefits are guaranteed to the employee even upon death or termination of employment. Such expenses may be recorded and claimed for reimbursement purposes only as of the date that a legal liability has been established.

(e) The cost must be for goods or services actually provided in the Nursing Facility;

(f) The cost must be reasonable; and

(g) The cost must actually be paid by the Provider. Costs not considered related to the care of Massachusetts publicly-aided Residents include, but are not limited to: costs discharged in bankruptcy; costs forgiven; costs converted to a promissory note; and accruals of self-insured costs based on actuarial estimates;

(h) A Provider must report the following costs as non-allowable costs:

1. Bad debts, refunds, charity and courtesy allowances and contractual adjustments to the Commonwealth and other third parties;
2. Federal and state income taxes, except the non-income related portion of the Massachusetts Corporate Excise Tax;
3. Expenses not directly related to the provision of resident care including, but not limited to, expenses related to other business activities and fund raising, gift shop expenses, research expenses, rental expense for space not required by the Department and expenditure of funds received under federal grants for compensation paid for training personnel and expenses related to grants of contracts for special projects;
4. Compensation and fringe benefits of residents on a Provider's payroll;
5. Penalties and interest, incurred because of late payment of loans or other indebtedness, late filing of federal and state tax returns, or from late payment of municipal taxes;
6. Any increase in compensation or fringe benefits granted as an unfair labor practice after a final adjudication by the court of last resort;
7. Expenses for Purchased Service Nursing services purchased from temporary nursing agencies not registered with the Department under regulation 105 CMR 157.000 or paid for at rates greater than the rates established by EOHHS pursuant to 114.3 CMR 45.00;
8. Any expense or amortization of a capitalized cost that relates to costs or expenses incurred prior to the opening of the Nursing Facility;
9. All legal expenses, including those accounting expenses and filing fees associated with any appeal process;
10. Prescribed legend drugs for individual patients;
11. Recovery of expense items, that is, expenses that are reduced or eliminated by applicable income including but not limited to, rental of quarters to employees and others, income from meals sold to persons other than residents, telephone income, vending machine income and medical records income. Vending machine income shall be recovered against Other Operating Costs. Other recoverable income shall be recovered against an account in the appropriate cost group category, such as Administrative and General Costs, Other Operating Costs, Nursing Costs, and Capital Costs. The cost associated with laundry income which is generated from special services rendered to private patients shall be identified and eliminated from claims for reimbursement. Special services are those services not rendered to all patients (e.g., dry cleaning, etc.). In the event that the cost of special services cannot be determined, laundry income shall be recovered against laundry expense.
12. Costs of ancillary services required by a purchasing agency to be billed on a direct basis, such as prescribed drugs and direct therapy costs;
13. Accrued expenses which remain unpaid more than 120 days after the close of the reporting year, excluding vacation and sick time accruals, shall not be included in the prospective rates. When the Center receives satisfactory evidence of payment, EOHHS may reverse the adjustment and include that cost, if otherwise allowable, in the applicable prospective rates.

(4) Filing Deadlines.
(a) General. Except as provided below, Providers must file required Cost Reports for the calendar year by 5:00 P.M. of April 1 of the following calendar year. If April 1 falls on a weekend or holiday, the reports are due by 5:00 P.M. of the following business day.

2. Appointment of a Resident Protector Receiver. If a receiver is appointed pursuant to M.G.L. c. 111, s. 72N, the Provider must file Cost Reports for the current reporting period or portion thereof, within 60 of the receiver’s appointment.
(b) Extension of Filing Date. The Center may grant a request for an extension of the filing due date for a maximum of 30 calendar days. In order to receive an extension, the Provider must:
1. submit the request itself, and not by agent or other representative;
101 CMR: EXECUTIVE OFFICE OF HEALTH AND HUMAN SERVICES

101 CMR 206.00: STANDARD PAYMENTS TO NURSING FACILITIES

2. demonstrate exceptional circumstances that prevent the Provider from meeting the deadline; and
3. file the request with the Center no later than 30 calendar days before the due date.

(c) Administrative Bulletin. The Center may modify the Filing Deadlines by issuing an administrative bulletin 30 days prior to any proposed change.

(5) Incomplete Submissions. If the Cost Reports are incomplete, the Center will notify the Provider in writing within 120 days of receipt. The Center will specify the additional information that the Provider must submit to complete the Cost Reports. The Provider must file the required information within 25 days of the date of notification or by April 1 of the year the Cost Reports are filed, whichever is later. If the Center fails to notify the Provider within the 120-day period, the Cost Reports will be considered complete and will be deemed to be filed on the date of receipt.

(6) Audits. The Center and the MassHealth agency may conduct Desk Audits or Field Audits to ensure accuracy and consistency in reporting. Providers must submit additional data and documentation relating to the cost report, the operations of the Provider and any Related Party as requested during a Desk or Field Audit even if the Center has accepted the Provider’s Cost Reports.

(7) Penalties. If a Provider does not file the required Cost Reports by the due date, EOHHS may reduce the Provider’s rates for current services by 5% on the day following the date the submission is due and 5% for each month of non-compliance thereafter. The reduction accrues cumulatively such that the rate reduction equals 5% for the first month late, 10% for the second month late and so on. The rate will be restored effective on the date the Cost Report is filed.

206.09 Special Provisions

(1) Rate Filings. EOHHS will file certified rates of payment for Nursing Facilities with the Secretary of the Commonwealth.

(2) Appeals. A Provider may file an appeal at the Division of Administrative Law Appeals of any rate established pursuant to 101 CMR 206.00 within 30 calendar days after EOHHS files the rate with the State Secretary. EOHHS may amend a rate or request additional information from the Provider even if the Provider has filed a pending appeal.

(3) Administrative Bulletins. EOHHS and the Center may issue administrative bulletins to clarify provisions of 101 CMR 206.00 or to specify data collection requirements. Such bulletins shall be deemed to be incorporated in the provisions of 101 CMR 206.00. EOHHS and the Center will file the bulletins with the State Secretary, distribute copies to Providers, and make the bulletins accessible to the public at EOHHS’ and the Center's offices during regular business hours.

(4) Severability. The provisions of 101 CMR 206.00 are severable. If any provision of 101 CMR 206.00 or the application of any provision of 101 CMR 206.00 is held invalid or unconstitutional, such provision will not be construed to affect the validity or constitutionality of any other provision of 101 CMR 206.00 or the application of any other provision.
