313.01: General Provisions

- (1) Scope, Purpose and Effective Date. 101 CMR 313.00 shall govern the rates of payment by governmental units to eligible providers for abortion and sterilization services to publicly aided individuals. 101 CMR 313.00 shall be effective on February 1, 2014.
- (2) Coverage. 101 CMR 313.00 and the rates of payment contained herein shall apply to abortion and sterilization services rendered by eligible providers in an ambulatory clinic setting. The rates of payment under 101 CMR 313.00 are full compensation for all services rendered.
- (3) Disclaimer of Authorization of Services. 101 CMR 313.00 is neither authorization for nor approval of the substantive services for which rates are determined pursuant to 101 CMR 313.00. Governmental units that purchase services from eligible providers are responsible for the definition, authorization, and approval of services extended to publicly-aided patients.
- (4) Administrative Bulletins. EOHHS may issue administrative bulletins to clarify its policy on and understanding of substantive provisions of 101 CMR 313.00, or to issue coding updates and corrections under 101 CMR 313.01(5).
- (5) Coding Updates and Corrections. EOHHS may publish procedure code updates and corrections in the form of an Administrative Bulletin. Updates may reference coding systems, including but not limited to, the American Medical Association's *Current Procedural Terminology* (CPT) and/or the Healthcare Common Procedure Coding System (HCPCS). The publication of such updates and corrections will list:
  - (a) codes for which the code numbers only change, with the corresponding cross reference between existing and new code;
  - (b) deleted codes for which there is no corresponding new code; and
  - (c) codes for entirely new services that require pricing. EOHHS will list these codes and apply individual consideration (I.C.) reimbursement for these codes until appropriate rates can be developed.
- (6) Authority. 101 CMR 313.00 is adopted pursuant to M.G.L. c. 118E.
