Service Code and Service Descriptor Changes for Specialty Services

Under authority of Regulation 114.3 CMR 49.00, Section 49.05, the Division of Health Care Finance and Policy may issue Administrative Bulletins to clarify its understanding of substantive provisions of the regulation.

With the recent promulgation of this regulation, Code T2027 was designated for billing for Specialty Services.

MassHealth has informed the Division that a coding and service description change is needed for billing these services. The following table demonstrates these changes.

Current Service Code	Current Descriptor	Replacement Service Code	Replacement Descriptor
T2027	Specialty Services (Purchased from an Early Intervention Program that subcontracts with a Specialty Services Provider)	H2019	Therapeutic Behavioral Services, per 15 minutes (use to bill for early intervention specialty services)

The current rate of \$15.38 per unit is unaffected.
