Mass HIway Phase 2 – Reactions to emerging policy positions

Next Steps

Phase 2 - patient matching and relationship listing service (setting the table for the discussion)

Mass Hlway phase 2 services will do the following functions:

1. Link together multiple “identities” for a single individual that is known by multiple organizations throughout the Commonwealth.
 - Jenny Jones, 1 Main St. Williamstown, MA, DOB 12/31/69 =
 - Jennifer Jones, 1 Main St. Williamstown, MA, DOB 12/31/69 =
 - Jen H. Jones, 1 Main St. Williamstown, MA, DOB 12/31/69
2. Determine the organization(s) that have a consented relationship with the patient.
 - Williamstown Medical Associates
 - North Adams Regional Hospital
 - Baystate
3. Make this information available to the patient and to the closed community of healthcare provider organizations for which patient has provided consent

Background: Overview of RLS and HIway Query-Retrieve

Relationship Listing Service

<u>Patient name</u>	<u>Local name</u>	<u>Institution</u>	<u>MRN</u>	<u>Last visit date</u>	<u># visits</u>
Jones, Jennifer L	Jones, Jennifer	Hospital A	1234	Dec 3, 2012	3
Jones, Jennifer L	Jones, Jenny	PCP	5678	Jul 8, 2010	12

Policy position for reaction: Consent

In Phase 2, Mass HIway requires that participating organizations obtain and record Patient permission to:

1. Publish to and view the patient's demographic information and organization relationships on the Mass HIway Relationship List
2. Request the patient's medical record from another provider organization using the Mass HIway

Policy position for reaction: Patient data collected and stored

In Phase 2, Mass HIway will collect and store consented patient demographic data limited to the following:

1. Patient Identifier (e.g., Organization specific medical record number)
2. Patient name
3. Patient gender
4. Patient date of birth
5. Patient address
6. Patient email
7. Patient phone number

Mass HIway will also collect and store the following information from the messages:

- Organization sending the information and the sender's Direct address
- Date message received
- Consent attestation (Consent = Y, Consent changed from Y to N)

Policy position for reaction: Permitted Uses and Users

In Phase 2, Mass HIway may be used for Treatment, Payment, and Operations:

- Use of the MPI/RLS is limited to exchanges of information that are allowed by law and that are related to treatment, payment, and healthcare operations as defined by HIPAA

In Phase 2, Mass HIway permitted users include:

- Massachusetts residents
- Massachusetts-licensed providers and provider organizations
- Massachusetts-licensed health plans
- Authorized Commonwealth agencies
- Business Associates

EOHHS maintains sole discretion to allow, deny, or suspend participation or use for any organization or individual
