Introduction

Residential care homes choosing to submit their claims on paper must use the UB-04 claim form to submit their claims. This document provides detailed instructions for completing the paper UB-04 claim form.

Residential care home services are not covered by MassHealth, however, the Commonwealth of Massachusetts uses the MassHealth claims payment system to process claims on behalf of the Department of Transitional Assistance (DTA) for payment of residential care home services provided to residents receiving DTA assistance. For administrative purposes, MassHealth issues a 10-character identification number/service location code that permits residential care homes to submit claims through the MassHealth claims payment system for payment.

For information about submitting claims electronically, see the *837I Companion Guide for Residential Care Homes*.

For information about the resulting remittance advice, see the *Residential Care Home Guide to the Remittance Advice for Paper Claims and Electronic Equivalents*.
