601 Introduction

Dental providers who bill using Current Dental Terminology (CDT) codes must refer to the current version of the American Dental Association’s (ADA) code book for the service descriptions for codes listed in Subchapter 6 of the *Dental Manual*. Dentists who are specialists in oral surgery in accordance with 130 CMR 420.405(A)(7) must refer to the current version of the American Medical Association’s (AMA) Current Procedural Terminology (CPT) code book for the service descriptions for codes listed in Subchapter 6 of the *Dental Manual*.

MassHealth pays for dental services as described in MassHealth regulations at 130 CMR 420.000 and 450.000. A dental provider may request prior authorization for any medically necessary service payable in accordance with the Early and Periodic Screening, Diagnosis and Treatment (EPSDT) provisions set forth in 130 CMR 450.144, 42 U.S.C. 1396d(a), and 42 U.S.C. 1396d(r)(5) for a MassHealth Standard or CommonHealth member under the age of 21. This applies even if the service is not listed in Subchapter 6 of the *Dental Manual*. For each dental service code, the description indicates any limitations, such as age and frequency, and if prior authorization is required for the member.

Dentists Who Are Specialists in Oral Surgery

A dentist who is a specialist in oral surgery in accordance with 130 CMR 420.405(A)(7) must submit all requests for prior authorization and claims containing Current Procedural Terminology (CPT) codes directly to MassHealth rather than to any third-party administrator or other MassHealth vendor, as described in 130 CMR 420.000.

When billing for multiple surgeries performed during the same operative session or on the same day, dental providers who are specialists in oral surgery in accordance with 130 CMR 420.405(A)(7), are reminded that Modifier 51 must be added to the second, third, and subsequent lines as appropriate. The primary procedure must be on line 1.

Modifiers

The following modifiers are for Provider Preventable Conditions (PPCs) that are National Coverage Determinations.

- PA Surgical or other invasive procedure on wrong body part
- PB Surgical or other invasive procedure on wrong patient
- PC Wrong surgery or other invasive procedure on patient

For more information on the use of these modifiers, see [Appendix V](#) of your provider manual.

Public Health Dental Hygienists

Public health dental hygienists may claim payment for Service Codes D0220, D0272, D0273, D0274, D1110, D1120, D1206, D1208, D1351, D4341, D4342, D9110, and D9410.

602 Explanation of Abbreviations and Service Code Requirements

The following abbreviations are used in Subchapter 6 with certain services that may require special reporting, as described below.

(A) Prior Authorization.

(1) “PA” indicates that service-specific prior authorization is required (see 130 CMR 420.410). The provider must include in any request for prior authorization sufficiently detailed, clear information documenting the medical necessity of the service requested and, where specified, the information described in this Subchapter 6.

(2) The MassHealth agency may require any additional information it deems necessary. If prior authorization is not required, the provider must maintain in the member’s dental record, all information necessary to disclose the medical necessity for the services provided. Pursuant to 130 CMR 420.410(B)(3), prior authorization may be requested for any exception to a limitation on a service otherwise covered for that member. (For example, MassHealth limits prophylaxis to two per member per calendar year, but pays for additional prophylaxis for a member within a calendar year if medically necessary.)

(B) Individual Consideration. “IC” indicates that the claim will receive individual consideration to determine payment. A descriptive report must accompany the claim (see 130 CMR 420.412) and be sufficiently detailed to enable the MassHealth agency to assess the extent and nature of the services provided. The reports must include the following where applicable:

- (1) amount of time required to perform the service;
- (2) degree of skill required to perform the service;
- (3) severity and complexity of the member’s disease, disorder, or disability; and
- (4) any extenuating circumstances or complications.
