**SEVERABILITY CLAUSE:** If any part of this policy is, for any reason, held to be in excess of the authority of the Commissioner, such decision shall not affect any other part of this policy.
108.01  DEPARTMENT POLICY

1. It is the policy of the Department, pursuant to M.G.L. Chapter 22, Section 13A, to ensure that the new institutions/facilities are constructed in a manner to be accessible and usable by disabled persons.

2. All plans for a new correctional institution/facility construction and plans for renovation of existing correctional institutions/facilities shall comply with the Massachusetts Building Codes and Architectural Barriers Board regulations as required to the extent that such compliance is consistent with essential security requirements.

3. It is the policy of the Department to ensure that existing programs in established institutions and facilities under the direction of the Commissioner, are readily accessible and usable by disabled persons unless such accommodation would materially impair the safe and efficient operation of the program, present a safety hazard to the individual person, or threaten the security of the correctional institution/facility.

4. Programs shall operate in a manner which provides for the full and nondiscriminatory participation of the eligible disabled in all areas which do not threaten the security of the institutions or the personal safety of the disabled person.

5. Any employee or applicant with a disability, regardless of self identification (see 103 DOC 201.03), may be entitled to receive a reasonable accommodation to a known physical or mental limitation of an otherwise qualified employee, in accordance with Executive Order 526, Order Regarding Non-Discrimination, Diversity, Equal Opportunity and Affirmative Action and the American with Disabilities Act of 1990 and M.G.L. Chapter 151B unless the Department can demonstrate that this accommodation would cause undue hardship to a correctional institution’s or facility’s operation. All requests for reasonable accommodation should be directed to the Office of Diversity and Equal Opportunity utilizing the Formal Request for Reasonable Accommodation (Attachment A).
108.02 ARCHITECTURAL BARRIERS

The Department shall pursue an objective of providing a barrier-free environment in all correctional institutions/facilities. Each Superintendent shall develop a plan which will include but not be limited to:

1. The provision of shower, bath, and lavatory rails in those areas occupied and used by physically disabled persons as described in M.G.L. Chapter 22, § 13A.

2. The use of Department Classification procedures to explore options, such as transfer to a more suitable institution or a unit within an institution, which may be better equipped to deal with the needs of a particular disability.

3. Housing assignments of inmates to areas which shall not place undue stress upon them because of their disability (e.g. persons with serious heart problems should normally be housed on a lower tier or lower floor level).

4. The provision of ramps, elevators, or chair lifts wherever practicable to those authorized areas which would otherwise be inaccessible to disabled persons. Such authorized areas may include, but are not limited to:
   a. Classrooms
   b. Visiting Rooms
   c. Health Services Unit
   d. Dining Room
   e. Recreation Areas
   f. Work Areas
   g. Chapels

108.03 DISABLED VISITORS

Each Superintendent or designee shall develop a plan which shall allow maximum visitor accessibility for those who are disabled. The plan should specify the time contemplated to complete the plan and should include, but not be limited to:

1. Specific areas where ramps may be necessary;
2. Accessible restrooms, including handrails;

3. Clearly marked reserved parking space or spaces where available;

4. An accessible water fountain if one is presently available (i.e. lowered or paper cup dispenser);

5. An accessible telephone if a public telephone is presently available (i.e. lowered).

108.04 AVAILABILITY OF RESOURCES / PRIORITIES

The modification or renovation of existing areas not in conformance with this policy shall further be subject to the availability of capital resources. Provided such resources are available, priority shall be given to those public areas affecting access to an institution or facility which are the only areas requiring compliance by the Architectural Access Board. If access is currently not available, then 103 DOC 108.02.2 of this policy shall be utilized. Any proposed modification to the physical plant of a facility must be reviewed and approved by the Director of Resource Management.

**To be completed by the employee:**

**A. Questions to help determine the nature of the request.**

A reasonable accommodation is any change in the work environment that helps an employee perform the essential functions of their job or to enjoy the benefits and privileges of employment. To be eligible for a reasonable accommodation you must establish the connection between your disability related limitations and the specific request you are making. If you have a disability that limits the ability to do the essential/core functions of your job, your employer must provide a reasonable accommodation, unless the accommodation requested poses an undue hardship. Additionally once an accommodation has been provided you must be capable of performing the essential functions of your job.

1. What limitation(s) due to a disability do you have that interferes with your job performance?

2. What job functions are you having trouble performing because of the limitation(s)?

3. Describe how this limitation(s) interferes with your ability to perform the job function(s)?

**To be completed by the medical provider:**

You have been asked to complete this form on behalf of your patient who requested a disability related workplace accommodation from their employer. The employer seeks verification that your patient has: 1) a disability as defined by the ADA (See B below) and that: 2) their disability results in the functional limitations described in A above (See C below).

**B. Questions to verify disability.**

For reasonable accommodation under the ADA, an employee has a disability if he or she has an impairment that substantially limits one or more major life activities. The following questions may help determine whether the employee has a disability as defined by the ADA.

**Note:** The questions should be answered based on what limitations the employee has when his or her condition is in an active state and what limitations the employee would have if no mitigating measures were used. Mitigating measures include things such as medication, medical supplies, equipment, hearing aids, mobility devices, the use of assistive technology, reasonable accommodations or auxiliary aids or services, prosthetics, and learned behavioral or adaptive neurological modifications. Mitigating measures do not include ordinary eyeglasses or contact lenses.

The Genetic Information Nondiscrimination Act of 2008 (GINA) prohibits employers and other entities covered by GINA Title II from requesting or requiring genetic information of an individual or family member of the individual, except as provided by this law. To comply with this law, we are asking that you not provide any genetic information when responding to this request for medical information. “Genetic information,” as defined by GINA, includes an individual’s family medical history, the results of an individual’s or family member’s genetic tests, the fact that an individual or an individual’s family member sought or received genetic services, and genetic information of a fetus carried by an individual or an individual’s family member or an embryo lawfully held by an individual or family member receiving assistive reproductive services.
According to the ADA, major life activities may include but are not limited to:

| Caring for Self | Walking | Hearing | Lifting | Bending |
| Interacting With Others | Standing | Seeing | Sleeping | Reading |
| Perceiving Manual Tasks | Reaching | Speaking | Concentrate | Eating |
| Breathing | Thinking | Learning | Reproducing | Working |
| Toileting | Sitting | Communicating |

1. Does the employee have a physical or mental impairment that substantially limits a major life activity?
**Note:** Does not need to significantly or severely restrict the life activity to meet this standard.

| Yes ☐ | No ☐ |

According to the ADA, major bodily functions may include but are not limited to:

| Immune | Genitourinary | Brain | Musculoskeletal |
| Normal Cell Growth | Hemic | Respiratory | Cardiovascular |
| Digestive | Special Sense Organs or Skin | Circulatory | Reproductive |
| Bowel/Bladder | Lymphatic | Endocrine | Neurological |

2. Does the impairment substantially limit the operation of a major bodily function?
**Note:** Does not need to significantly or severely restrict the bodily function to meet this standard.

| Yes ☐ | No ☐ |

### C. Verification of functional limitation(s).

1. Does your patient have the functional limitation(s) described in A-1?

| Yes ☐ | No ☐ |

2. Is the functional limitation due to their disability?

| Yes ☐ | No ☐ |

3. What is the anticipated duration of the impairment?

### D. Comments:

Employers are obligated to make reasonable accommodations to allow their employees with disabilities the opportunity to perform the essential functions of their job provided the requested accommodation does not fundamentally alter the nature of the job or result in an undue administrative or financial burden.

In order to help us work with our employee, do you have suggestions on accommodations that might be provided?

**Note:** Your suggestions will be used in the interactive process with the employee. The specific accommodation you suggest may or may not be the accommodation ultimately provided.
