## AN ACT TO PROHIBIT THE ADDITIONAL INCINERATION OF SOLID WASTE.

*Whereas*, The deferred operation for this act would tend to defeat its purpose, which is forthwith to impose a moratorium on additional incineration of solid waste, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

*Be it enacted by the Senate and House of Representatives in General Court assembled, and by the authority of the same, as follows:*

SECTION 1. Section 150A of Chapter 111 of the General Laws, as appearing in the 2006 Official Edition, is hereby further amended by adding the following paragraphs:—

No site in any city or town shall be assigned as a site or the expansion of an existing site for a facility for the combustion, incineration, thermal conversion, or gasification of municipal solid waste or construction and demolition debris, or a resource recovery facility, which is rated by the department at more than one ton of refuse per hour.

The department shall not grant a permit for a facility or the expansion of an existing facility for the combustion, incineration, thermal conversion, or gasification of municipal solid waste or construction and demolition debris, or a resource recovery facility, which is rated by the department at more than one ton of refuse per hour.

SECTION 2. Chapter 16 of the General Laws, as appearing in the 2006 Official Edition, is hereby amended by striking the second paragraph of section 21 and inserting in its place thereof the following:—

The comprehensive statewide master plan referred to herein shall describe, to the maximum practicable extent, a short and long-range plan for reduction of the per capita generation of solid waste throughout the commonwealth, the solid waste programs and facilities which the department determines to be necessary or convenient to promote the reduction of waste generation and to increase recycling of solid waste in a manner which protects the public health, safety and environment and is financially sound, and the funding for the development of such facilities and programs which the department finds to be reasonable necessary to accomplish said purposes.

SECTION 3. This act shall take effect upon its passage.
