

# SENATE NO. 1233

## **AN ACT** RELATIVE TO HEALTH CARE PROVIDERS AND FIRST RESPONDERS EDUCATION

*Be it enacted by the Senate and House of Representatives in General Court assembled,  
And by the authority of the same, as follows:*

1 SECTION 1. Chapter 111 of the General Laws, as appearing in the 2000 Official Edition, is hereby  
2 amended by inserting after section 70G the following section(s):-

3           Section 70H. No health care provider who is licensed or registered pursuant to Chapter 112 of  
4 the General Laws shall obtain a license or registration, or renewal of said license or registration, unless  
5 the health care provider has demonstrated that he or she has received appropriate training and  
6 continuing education on HIV/AIDS counseling and testing, the diagnosis and treatment of HIV  
7 disease, and infection control and universal precautions.

8           SECTION 70I. Every health care facility and every agency or department of the  
9 commonwealth or subdivision thereof which has care or custody responsibilities shall provide training  
10 to appropriate staff as to the rights, counseling and care of persons diagnosed with HIV or AIDS and  
11 on implementation of infection control and universal precautions.  
12 Every vendor receiving state contracts for the provision of health care, social or mental health services,  
13 where the vendor receives fifty per cent (50%) or more of its operating budget through contracts with  
14 the state, shall implement plans and provide training and continuing education of staff on HIV/AIDS,

15 including basic information on medical and psychosocial issues related to HIV/AIDS, legal issues  
16 affecting individuals with HIV/AIDS, and infection control and universal precautions.  
17 The department shall develop regulations to implement this section, including requirements governing  
18 the persons to be trained and the content and frequency of the training.

19 SECTION 2. Chapter 111C, as appearing in the 2000 Official Edition, is hereby amended by  
20 adding the following section:-

21 Section 25. HIV and AIDS Education and Training.

22 a) The Department of Public Health, in consultation with the Executive Office of Public Safety, shall  
23 within sixty days develop educational materials and a training curriculum for first responders as  
24 defined in chapter one hundred eleven, section 201 ambulance operators and attendants, emergency  
25 medical technicians (EMTs), emergency paramedics, correction officers and court officers on reducing  
26 the risk of transmission of the human immunodeficiency virus (HIV) through unprotected exposure.  
27 Such information and education shall include rights, counseling and care of persons living with HIV or  
28 AIDS, routes of transmission, universal precautions, infection control, possible types of exposure and  
29 the relative risk associated with each type, current law and regulations on the use of unprotected  
30 exposure trip form or incident report, recommendations for action following an unprotected exposure  
31 capable of transmitting a blood borne disease such as HIV.

32 Employers shall ensure that all first responders, ambulance operators and attendants, emergency  
33 medical technicians (EMTs), emergency paramedics, correction officers and court officers receive  
34 such training in accordance with guidelines of the department. Employers shall make available paid  
35 leave for all such employees to attend the training. The department shall make available training,  
36 equipment, and materials to persons responsible for providing the training to all first responders,

37 ambulance operators and attendants, emergency medical technicians (EMTs), emergency paramedics,  
38 correction officers and court officers.

39 b) All employers of first responders, ambulance operators and attendants, emergency medical  
40 technicians (EMTs), emergency paramedics, correction officers and court officers shall develop and  
41 implement trainings on and policies for the use of appropriate universal precautions and shall provide,  
42 at no charge, necessary infection control equipment and materials, including but not limited to gloves,  
43 gowns, masks, mouthpieces, protective eyewear, and resuscitation masks. Such equipment and  
44 materials shall be made available in adequate supply and in clean working order. Such equipment and  
45 materials shall be carried on appropriate state, county, and municipal vehicles in accordance with  
46 guidelines of the department.

47 Such employers shall reduce the risk of exposure to hazardous or infectious medical or biological  
48 wastes by complying with department regulations for the storage and disposal of such wastes.
